John Engquist, H&E Equipment Services' chief executive officer, said, "Our rental business performed extremely well during the third quarter, capitalizing on the strong broad-based demand in the non-residential construction markets we serve. We achieved positive rates for the second consecutive quarter on both a year-over-year and sequential basis. Project activity was solid across our operating footprint resulting in a 120 basis point improvement in physical utilization and a 6% increase in equipment rental revenues. While new equipment sales increased 9.3% driven primarily by a 29.6% improvement in new crane sales, volumes remain low compared to historical levels due to the ongoing weak demand for new cranes."

Engquist concluded, "We continue to evaluate acquisitions that are complementary to our business and broaden our geographic footprint and coverage density. Additionally, we are continuing our greenfield growth strategy. We believe the current trends in our end-user markets remain favorable and customer sentiment is positive regarding project visibility into 2018."

FINANCIAL DISCUSSION FOR THIRD QUARTER 2017:

Revenue

Total revenues increased 5.9% to \$259.2 million in the third quarter of 2017 from \$244.7 million in the third quarter of 2016. Equipment rental revenues increased 6.0% to \$125.6 million compared with \$118.5 million in the third quarter of 2016. New equipment sales increased 9.3% to \$48.9 million from \$44.8 million a year ago. Used equipment sales increased 7.9% to \$22.3 million compared to \$20.6 million a year ago. Parts sales increased 1.6% to \$27.8 million from \$27.3 million in the third quarter of 2016. Service revenues were \$16.1 million in both periods.

Gross Profit

Gross profit increased 6.7% to \$94.0 million from \$88.1 million in the third quarter of 2016. Gross margin was 36.3% for the quarter ended September 30, 2017, as compared to 36.0% for the quarter ended September 30, 2016. On a segment basis, gross margin on rentals was 49.7% in the third quarter of 2017 compared to 49.5% in the third quarter of 2016. On average, rental rates were 0.3% higher than rates in the third quarter of 2016. Time utilization (based on original equipment cost) was 73.3% in the third quarter of 2017 compared to 72.1% a year ago. Time utilization (based on units available for rent) was 71.2% in the third quarter of 2017 compared to 68.0% a year ago.

Gross margins on new equipment sales increased to 10.9% in the third quarter compared to 10.3% a year ago. Gross margins on used equipment sales increased to 32.1% compared to 30.4% a year ago. Gross margins on parts sales decreased to 27.5% in the third quarter of 2017 compared to 27.9% in the third quarter of 2016. Gross margins on service revenues decreased to 65.4% for the third quarter of 2017 compared to 66.1% in the third quarter of 2016.

Rental Fleet

At the end of the third quarter of 2017, the original acquisition cost of the Company's rental fleet was \$1.4 billion, an increase of \$55.7 million from the end of the third quarter of 2016. Dollar utilization was 36.0% compared to 35.4% for the third quarter of 2016.

Selling, General and Administrative Expenses

SG&A expenses for the third quarter of 2017 were \$55.2 million compared with \$56.0 million the prior year, a \$0.8 million, or 1.4%, decrease. SG&A expenses in the third quarter of 2017 decreased as a percentage of total revenues to 21.3% compared to 22.9% the prior year. The net decrease in SG&A was largely attributable to the reversal of \$2.2 million of merger and acquisition transaction costs related to our previously proposed acquisition of Neff Corporation included in SG&A expenses for the three and six month periods ended June 30, 2017, and reclassified to "Merger Breakup Fee Proceeds, net of Merger Costs" in the third quarter ended September 30, 2017. Excluding this \$2.2 million impact to SG&A expenses in the three month period ended September 30, 2017, total SG&A expenses would have increased approximately \$1.4 million compared to the three month period ended September 30, 2016. Expenses related to new branch expansions increased \$1.1 million compared to a year ago.

Income from Operations

Income from operations for the third quarter of 2017 increased 44.0% to \$47.7 million, or 18.4% of revenues, compared to \$33.1 million, or 13.5% of revenues, a year ago, but included \$8.7 million of merger breakup fee proceeds, net of merger costs. Excluding the merger breakup fee, income from operations increased 17.7% to \$39.0 million, or 15.0% of revenues compared to 13.5% of revenues a year ago.

Interest Expense

Interest expense was \$15.1 million for the third quarter of 2017, an 11.8% or \$1.6 million increase from a year ago, reflecting the issuance of our new 8-year 5.625% senior unsecured notes. The increase in interest expense is primarily due to the timing of the issuance of the new 8-year 5.625% senior unsecured notes in relation to the redemption of the old 7% senior unsecured notes. Our new notes were issued on August 24, 2017, while approximately \$300.3 million of principal amount of the old notes remained outstanding until the September 25, 2017, redemption date.

Net Income and Adjusted Net Income

Net income was \$8.5 million, or \$0.24 per diluted share, in the third quarter of 2017 compared to net income of \$11.7 million, or \$0.33 per diluted share, in the third quarter of 2016. Adjusted net income was \$27.1 million, or \$0.76 per diluted share. The effective income tax rate was (11.7%) in the third quarter of 2017 compared to 41.7% in the year ago period due primarily to a discrete item related to unrecognized tax benefits as a result of a lapse of the applicable statute of limitations.

Adjusted EBITDA

Adjusted EBITDA for the third quarter of 2017 increased 8.1% to \$88.5 million compared to \$81.9 million in the third quarter of 2016. Adjusted EBITDA as a percentage of revenues was 34.2% compared with 33.5% in the third quarter of 2016.
