PROXY STATEMENT

**FOR ANNUAL MEETING OF STOCKHOLDERS
H&E EQUIPMENT SERVICES, INC.**

TO BE HELD May 12, 2022

This Proxy Statement sets forth certain information with respect to the accompanying proxy to be used at the Annual Meeting of Stockholders (the “Annual Meeting”) of H&E Equipment Services, Inc., or at any adjournments or postponements thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. The Board of Directors has designated the Grand Hyatt DFW Hotel, South America Room, 2337 South International Parkway, DFW Airport, Texas as the place of the Annual Meeting. The Annual Meeting will be called to order at 7:30 a.m., Central Time, on Thursday, May 12, 2022. Only stockholders of record as of the close of business on March 23, 2022 (the “Record Date”) are entitled to vote. The Board of Directors solicits this proxy and encourages you to read this document thoroughly and to take this opportunity to vote on the matters to be decided at the Annual Meeting. Unless the context otherwise indicates, reference to “we,” “us,” “our” or the “Company” in this Proxy Statement means H&E Equipment Services, Inc.

Under rules and regulations of the U.S. Securities and Exchange Commission (the “SEC”), instead of mailing a printed copy of our proxy materials to each stockholder of record or beneficial owner of our common stock, we are furnishing proxy materials, which include our Proxy Statement and Annual Report, to our stockholders over the Internet and providing a Notice of Internet Availability of Proxy Materials by mail. *You will not receive a printed copy of the proxy materials unless you request to receive a paper copy or an email copy of these materials in hard copy by following the instructions provided in the Notice of Internet Availability of Proxy Materials.* Instead, the Notice of Internet Availability of Proxy Materials will instruct you how you may access and review all of the important information contained in the proxy materials on the Internet. The Notice of Internet Availability of Proxy Materials also instructs you how you may submit your proxy via telephone or the Internet. This proxy procedure enables all holders of common stock, many of whom are unable to attend the Annual Meeting, to vote. If you received a Notice of Internet Availability of Proxy Materials by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials included in the Notice of Internet Availability of Proxy Materials.

We are mailing the Notice of Internet Availability of Proxy Materials on or about April 1, 2022 to each stockholder at the holder’s address of record. SEC rules permit us to deliver only one copy of the Notice of Internet Availability of Proxy Materials or a single set of proxy materials to multiple stockholders sharing the same address. Upon written or oral request, we will deliver separate Notices and/or copies of our 2021 Annual Report and/or this Proxy Statement to any stockholder at a shared address to which a single copy of the Notice was delivered. Stockholders may notify our Company of their requests by calling (225) 952-2308 or writing our Investor Relations Department, H&E Equipment Services, Inc., 7500 Pecue Lane, Baton Rouge, Louisiana 70809.

VOTING PROCEDURES

Your vote is very important. Your shares can only be voted at the Annual Meeting if you are present in person or represented by proxy. Whether or not you plan to attend the Annual Meeting, you are encouraged to vote by proxy to ensure that your shares will be represented. Stockholders can choose among the following methods to vote:

Via the Internet – Stockholders can vote by voting their shares via the Internet as instructed on the website identified in the Notice of Internet Availability of Proxy Materials. The Internet procedures are designed to authenticate a stockholder’s identity to allow stockholders to vote their shares and confirm that their instructions have been properly recorded. Internet voting for stockholders of record is available 24 hours a day and will close at 7:00 p.m., Eastern Time, on May 11, 2022. The Notice instructs you how to access and review all important information in the Proxy Statement and Annual Report. You will then be able to request that copies of proxy materials be emailed to you or you will be directed to select a link where you will be able to vote on the proposals presented here.

By Telephone – The Notice of Internet Availability of Proxy Materials includes a toll-free number you can call to request printed copies of proxy materials. Telephone voting for stockholders of record is available 24 hours a day and will close at 7:00 p.m., Eastern Time, on May 11, 2022. The printed proxy materials include a different toll-free number that you can call for voting.

By Mail – Stockholders who receive a paper Proxy Card may elect to vote by mail by completing, signing and dating their Proxy Card and mailing it in the pre-addressed envelope that accompanies the delivery of a paper Proxy Card. Proxy Cards submitted by mail must be received prior to the Annual Meeting in order for your shares to be voted. Stockholders who hold shares beneficially in street name may vote by mail by requesting a paper Proxy Card according to the instructions contained in the Notice of Internet Availability of Proxy Materials, and then completing, signing and dating the Proxy Card provided by the brokers or other agents and mailing it in the pre-addressed envelope provided.

At the Annual Meeting – If you were a holder of record on the close of business on March 23, 2022, you are entitled to participate in the 2022 Annual Meeting on May 12, 2022. Shares held in your name as the stockholder of record may be voted by you in person at the Annual Meeting. Shares held beneficially in street name may be voted by you in person at the Annual Meeting only if you obtain a legal proxy from the broker or other agent that holds your shares giving you the right to vote the shares and registering for the Annual Meeting in advance using such proxy.

If you vote via the Internet, by telephone or by mailing a Proxy Card, we will vote your shares as you direct. For the election of directors (Item 1), you can specify whether your shares should be voted for all, some or none of the nominees for director listed. For the ratification of our Audit Committee’s appointment of BDO USA, LLP as our independent registered public accounting firm (Item 2), you may vote “for” or “against” the ratification, or you may abstain from voting on the ratification. For the proposal regarding an advisory vote on Named Executive Officer compensation (Item 3), you may vote “for” or “against” the proposal, or you may abstain from voting.

You may revoke or change a previously delivered proxy at any time before the Annual Meeting by delivering another proxy with a later date, by voting again via the Internet or by telephone, or by delivering written notice of revocation of your proxy to the corporate Secretary of the Company at the Company’s principal executive offices before the beginning of the Annual Meeting. You may also revoke your proxy by attending the Annual Meeting and voting in person, although attendance at the Annual Meeting will not, in and of itself, revoke a valid proxy that was previously delivered. If you hold shares through a bank or brokerage firm, you must contact that bank or brokerage firm to revoke any prior voting instructions. You may also vote in person at the Annual Meeting if you obtain a legal proxy as described above. Unless properly revoked, properly executed and delivered proxies that are received before the Annual Meeting’s adjournment will be voted in accordance with the directions provided and if no directions are provided on such properly executed and delivered proxy, those shares will be voted by one of the individuals named on your proxy card as recommended by the Board of Directors, as stated in this Proxy Statement and in the Notice of Internet Availability of Proxy Materials, specifically (1) in favor of our nominees for directors; (2) in favor of the ratification of the appointment of BDO USA, LLP as our independent registered public accounting firm for the year ending December 31, 2022; and (3) in favor of Named Executive Officer compensation as disclosed in this Proxy Statement. If you wish to give a proxy to someone other than those named on the proxy card, you should cross out those names and insert the name(s) of not more than three people, to whom you wish to give your proxy.

Who can vote? Only stockholders of record as of the close of business on the Record Date, are entitled to vote. On the Record Date, approximately 36,161,554 shares of common stock were outstanding and eligible to vote, and there were 61 record holders. Each share is entitled to one vote on each matter presented at the Annual Meeting. A list of stockholders eligible to vote will be available at the offices of H&E Equipment Services, Inc., 7500 Pecue Lane, Baton Rouge, Louisiana 70809 beginning April 30, 2022.

Stockholders may examine this list during normal business hours for any purpose relating to the Annual Meeting by contacting the Secretary of the Company.

How does the Board recommend I vote? The Board recommends the following votes:

- **FOR** each of the Board's nominees for election (Item 1);
- **FOR** the ratification of the Audit Committee's appointment of BDO USA, LLP as the Company's independent registered public accounting firm for the year ending December 31, 2022 (Item 2); and
- **FOR** approval of the compensation of the Company's Named Executive Officers as disclosed in this Proxy Statement (Item 3).

How are votes counted? The Annual Meeting will be held if a quorum, consisting of a majority of the outstanding shares of common stock entitled to vote, is represented at the Annual Meeting in person or by proxy. If you are a stockholder whose shares are not registered in your name and you do not vote, then your bank, broker or other holder of record may still represent your shares at the Annual Meeting for purposes of obtaining a quorum.

In the absence of your voting instructions, your bank, broker or other holder of record may not be able to vote your shares in its discretion depending on the proposal before the Annual Meeting. Your broker cannot vote your shares in its discretion in the election of directors; therefore, you must vote your shares if you want them to be counted in the election of directors. In addition, your broker is not permitted to vote your shares in its discretion regarding matters related to executive compensation, including the advisory vote on executive compensation, and such broker non-votes will not be counted as shares present and entitled to be voted with respect to this proposal. However, your broker may vote your shares in its discretion on routine matters such as the ratification of the Company's independent registered public accounting firm.

Because each director nominee (Item 1) is elected by the affirmative vote of the holders of a plurality of the shares of common stock voted, abstentions will have no effect on the election of director nominees. The ratification of the appointment of BDO USA, LLP (Item 2) and the approval of the compensation of the Company's Named Executive Officers as disclosed in this Proxy Statement (Item 3) each require the affirmative vote of a majority of the shares present in person or by proxy and entitled to vote at the Annual Meeting. Because abstentions will be included in tabulations of the votes entitled to vote for purposes of determining whether Item 2 and Item 3 have been approved, for those proposals abstentions have the same effect as negative votes. Because your vote on Item 3 is advisory, such vote will not be binding on the Board or the Company. However, the Board will review the voting results and as further described herein, may take them into consideration when making future decisions regarding executive compensation.

Who will count the vote? The votes will be tabulated by the Company's Director of SEC Reporting, Claire Kinchen, the inspector of elections appointed by the Board of Directors for the Annual Meeting.

Where can I find the results of the Annual Meeting? We intend to announce preliminary voting results at the Annual Meeting and publish final results in a Current Report on Form 8-K within four business days following the Annual Meeting.

Who is soliciting this proxy? Solicitation of proxies is made on behalf of the Board of Directors of the Company. The cost of soliciting proxies, including preparing, assembling and mailing the Notice of Internet Availability of Proxy Materials, Proxy Statement, form of proxy and other soliciting materials, as well as the cost of forwarding such material to the beneficial owners of stock, will be paid by us, except for some costs associated with individual stockholders' use of the Internet or telephone. In addition to solicitation by e-proxy and/or by mail, directors, officers, regular employees and others may also, but without compensation other than their regular compensation, solicit proxies personally or by telephone or other means of electronic communication. We may reimburse brokers and others holding stock in their names or in the names of nominees for their reasonable out-of-pocket expenses in sending proxy materials to principals and beneficial owners.

What if I can't attend the Annual Meeting? If you are unable to attend the Annual Meeting in person and you intend to vote, you may vote your shares by proxy, via the Internet, by telephone or by mail by the applicable deadline.

CORPORATE GOVERNANCE

In accordance with the Delaware General Corporation Law and the Company's Amended and Restated Certificate of Incorporation and Amended and Restated Bylaws, the Company's business, property and affairs are managed under the direction of the Board of Directors. Although the Company's non-management directors are not involved in the day-to-day operating details, they are kept informed of the Company's business through reports and materials provided to them regularly, as well as by operating, financial and other reports presented by the officers of the Company at meetings of the Board of Directors and committees of the Board of Directors.

Board Leadership Structure. On January 1, 2019, John M. Engquist was named Executive Chairman of the Board upon the appointment of Bradley W. Barber as Chief Executive Officer, President and Director. The Board of Directors retains the flexibility to determine whether the positions of Chief Executive Officer and Chairman of the Board should be combined or separated. This flexibility permits the Board to organize its functions and conduct its business in a manner it deems most effective. By having Mr. Engquist serve as Executive Chairman, he acts as a bridge between the Board and the operating organization and provides critical leadership for future strategic initiatives and challenges and the capitalization of the Company. Mr. Engquist's previous experience as Chief Executive Officer of the Company enables him to provide unique insight into the Company. This Board structure enables the Chief Executive Officer, Mr. Barber, to focus on managing the Company's business. Mr. Barber provides very hands-on leadership overseeing the business on a day-to-day basis, and the Corporate Governance and Nominating Committee believes that currently it is most effective to keep the principal executive officer and Board chair positions separate. The Board believes that given the proven leadership capabilities, breadth of industry experience and business success of both Mr. Engquist and Mr. Barber, the Company and its stockholders are best served by this leadership structure.

The Board's Role in Risk Oversight. The Board as a whole has responsibility for the general oversight of risk, and the Board's committees address and report to the Board on any individual risk areas within their purview. Risk and risk management is a recurring agenda item at regular Board and Board Committee meetings, and the Board also discusses any specific risk topics as applicable. The Company's senior management makes presentations to the full Board as to the areas of principal risk, as well as on the processes that the Company has in place to identify, assess and report such risks.

The Board committees report to the Board on their consideration of any risks within their respective areas of focus. The Audit Committee primarily oversees risks relating to or arising from financial and disclosure controls and procedures, and accounting and other financial matters. The Company's Chief Financial Officer reports to the Audit Committee on such risks and related risk management, and the Company's internal auditors, compliance manager, and independent auditors each regularly provide reports at Audit Committee meetings. The Compensation Committee has considered whether the Company's compensation policies and practices create risks that are reasonably likely to have a material adverse effect on the Company's business or operations. The Corporate Governance and Nominating Committee, the Finance Committee and the Environmental, Social and Governance (ESG) Committee review any risks that come within their respective areas of responsibility (e.g., governance in the case of the Corporate Governance and Nominating Committee, in the case of the Finance Committee, any extraordinary corporate transactions that such committee may consider, and environmental, social and governance oversight and responsibility in the case of the ESG Committee).

Independence. The Board has determined that eight of the Company's ten directors are "independent" as defined in the applicable listing standards of the NASDAQ Stock Market LLC, including that each such director is free of any relationship that the Board believes would interfere with his or her individual exercise of independent judgment. The following directors were determined to be independent: Paul N. Arnold, Gary W. Bagley, Bruce C. Bruckmann, Patrick L. Edsell, Thomas J. Galligan III, Lawrence C. Karlson, John T. Sawyer and Mary P. Thompson. Mr. Bagley serves as a manager of our wholly-owned subsidiary, H&E Equipment Services (California), LLC, but is not an employee of the Company or any of its subsidiaries.

In making its determinations regarding director independence, the Board considered, among other things:

- any material relationships with the Company, its subsidiaries or its management, aside from such director's service as a director;
- transactions between the Company, on the one hand, and the directors and their respective affiliates, on the other hand;
- transactions outside the ordinary course of business between the Company and companies at which some of its directors are or have been executive officers or significant stakeholders, and the amount of any such transactions with these companies; and
- relationships among the directors with respect to common involvement with for-profit and non-profit organizations.

Conflicts of Interest and Corporate Governance Matters. Under our Code of Conduct and Ethics for Employees, Officers and Directors of H&E Equipment Services, Inc. ("Code of Conduct"), no employee or officer may serve as a director of any outside business concern, other than on behalf of the Company, without the written approval of the President or the Chief Financial Officer of the Company. The Charter of the Corporate Governance and Nominating Committee empowers the Corporate Governance and Nominating Committee to at least once a year review the independence of the members of the Board of Directors and consider questions of conflicts of interest. The Corporate Governance and Nominating Committee will identify, analyze, and, if possible, resolve any actual and potential conflicts of interest a Board member has or may have. In connection with an actual or potential conflict of interest, the Corporate Governance and Nominating Committee may issue to such member instructions concerning the manner in which he should conduct himself, as applicable. There are no pre-determined limitations on the number of other boards of directors on which the directors of the Company may serve; however, the Board expects individual directors to use judgment in accepting other directorships and to allow sufficient time and attention to Company matters. There are no set term limits for directors; however as long as the Board is not classified, the Corporate Governance and Nominating Committee will review each director's continuation on the Board annually.

Code of Conduct. The Company is committed to ethical business practices. We have a corporate Code of Conduct and a corporate Insider Trading Policy that apply to all of the Company's employees and directors and include policies prohibiting the hedging or pledging of the Company's stock and a code of ethics for the Company's principal executive officer, principal financial officer and principal accounting officer within the meaning of the SEC regulations adopted under the Sarbanes-Oxley Act of 2002, as amended. The Company's corporate Code of Conduct can be found on the Company's Internet website at www.he-equipment.com under the heading "Our Company/Investor Relations/Corporate Governance/Governance Documents". Please note that none of the information on the Company's website is incorporated by reference in this Proxy Statement.

Communications with the Board of Directors. If you would like to communicate with the Company's directors, please send a letter to the following address: H&E Equipment Services, Inc., Attention: Board of Directors, c/o corporate Secretary, 7500 Pecue Lane, Baton Rouge, Louisiana 70809. The Company's corporate Secretary will review each such communication and forward a copy to the Board of Directors.

Meetings of the Board of Directors and Stockholders. It is the policy of the Board to meet at least quarterly. The Board of Directors held eight meetings in 2021. In 2021, the Board also held regular executive sessions where non-management directors met without management participation.

Each incumbent director attended at least 75% of the meetings of the Board and the committees on which he or she served in 2021. Directors are encouraged to attend the Annual Meeting of Stockholders. All directors attended the 2021 Annual Meeting of Stockholders.

Committees of the Board of Directors. The Board of Directors currently has five standing committees: Audit Committee, Compensation Committee, Corporate Governance and Nominating Committee, Finance Committee and ESG Committee. Charters for the Audit Committee, Compensation Committee and Corporate Governance and Nominating Committee can be found on the Company's website at www.he-equipment.com under the heading "Our Company/Investor Relations/Corporate Governance/Governance Documents".

Audit Committee—The Audit Committee operates under a written charter adopted by the Board of Directors, which is available on the Company's Internet website. The Audit Committee provides assistance to the Board in fulfilling its oversight responsibility to the stockholders, potential stockholders, the investment community, and others relating to (i) the integrity of the Company's financial statements and financial reporting processes; (ii) the Company's systems of internal accounting and financial controls, including internal controls over financial reporting and the Company's policies and procedures to assess, monitor, and manage business risk, including cybersecurity and data privacy risks; (iii) performance of the Company's internal auditors and independent registered public

accounting firm; (iv) the independent registered public accounting firm's qualifications and independence; (v) the annual independent audit of the Company's consolidated financial statements; and (vi) the Company's compliance with ethics policies, legal policies and regulatory requirements, as applicable. In so doing, it is the responsibility of the Audit Committee to maintain free and open communication among the Audit Committee, the independent registered public accounting firm, the internal auditors and Company management. In discharging its oversight role, the Audit Committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities and personnel of the Company and the power to retain at the expense of the Company independent outside counsel or other experts or advisers as it deems necessary to carry out its duties. A detailed list of the Audit Committee's functions is included in its charter, a copy of which can be found on the Company's Internet website. The Company maintains a policy that the Audit Committee review transactions in which the Company and its directors, executive officers or their immediate family members are participants to determine whether a related person has a direct or indirect material interest. The Audit Committee is responsible for reviewing and, if appropriate, approving or ratifying any such related party transaction. This policy has been communicated orally by the Board. See the "Certain Relationships and Related Transactions – Related Party Transactions" section of this Proxy Statement.

The members of the Audit Committee are currently Messrs. Edsell, Galligan and Sawyer and Ms. Thompson. Mr. Edsell is the Chair of this committee. The Board has determined in its business judgment that each member of the Audit Committee is financially literate and that Messrs. Edsell, Galligan and Sawyer and Ms. Thompson are "independent" as defined in the applicable NASDAQ listing standards and the applicable rules under the Exchange Act. In addition, the Board has determined that Messrs. Edsell and Galligan and Ms. Thompson are "audit committee financial experts" as that term is defined in Item 407(d)(5) of Regulation S-K of the Exchange Act. The Audit Committee held six meetings in 2021.

Compensation Committee—The Compensation Committee operates under a written charter adopted by the Board of Directors, a copy of which can be found on the Company's Internet website. The Compensation Committee discharges the Board's responsibilities relating to the compensation of the Company's Chief Executive Officer, the Company's other executive officers and its directors. The Compensation Committee has overall responsibility for evaluating and approving executive officer and director compensation plans, policies and programs of the Company, as well as all equity-based compensation plans and policies, including the Company's 2016 Stock-Based Incentive Compensation Plan (the "2016 Incentive Plan").

On an annual basis, the Compensation Committee reviews and sets the compensation of the Chief Executive Officer taking into account a variety of factors, as more fully described in the "Compensation Discussion and Analysis" section of this Proxy Statement. The Compensation Committee also sets compensation for certain other executive officers after considering recommendations provided by the Chief Executive Officer and a variety of other factors, as more fully described in the "Compensation Discussion and Analysis" section of this Proxy Statement.

On an as-needed basis, the Compensation Committee may retain independent compensation consultants to assist the Compensation Committee in evaluating and structuring our executive compensation programs and making compensation decisions. Pearl Meyer & Partners LLC ("Pearl Meyer") served as a consultant to the Compensation Committee during fiscal year 2021.

The Compensation Committee is authorized to delegate any of its responsibilities to subcommittees, as the Compensation Committee deems appropriate. To date, the Compensation Committee has not exercised this right. For additional description of the Compensation Committee's processes and procedures for consideration and determination of executive officer and director compensation, see the "Compensation Discussion and Analysis" section of this Proxy Statement.

The current members of the Compensation Committee are Messrs. Arnold, Edsell, Galligan and Karlson, and Mr. Arnold is the Chair of this committee. The Board has determined in its business judgment that Messrs. Arnold, Edsell, Galligan and Karlson are "independent" as defined in the applicable NASDAQ listing standards. The members of the Compensation Committee are also non-employee directors under SEC Rule 16b-3 and outside directors under Section 162(m) of the Internal Revenue Code of 1986, as amended. The Compensation Committee met five times in 2021. For additional information on the Compensation Committee, see the "Compensation Discussion and Analysis" beginning on page [20](#).

Corporate Governance and Nominating Committee—The Corporate Governance and Nominating Committee operates under a written charter adopted by the Board of Directors, a copy of which can be found on the Company's Internet website. The primary functions of the Corporate Governance and Nominating Committee are (i) to assist the Board by identifying individuals qualified to become Board members and members of Board committees, to recommend to the Board the director nominees for the next annual meeting of stockholders, and to recommend to the Board nominees for each committee of the Board; (ii) to lead the Board in its annual review of the Board's, its committees' and management's performance; and (iii) to review, as appropriate, the Company's corporate governance structure and recommend any proposed changes to the Board. The Corporate Governance and Nominating Committee identifies individuals, including those properly submitted and recommended by stockholders, believed to be qualified as candidates for Board membership. The Corporate Governance and Nominating Committee has the authority to retain search firms to assist it in identifying candidates to serve as directors. In addition to any other qualifications the Corporate Governance and

Nominating Committee may in its discretion deem appropriate, all director candidates should possess high personal and professional ethics, integrity and values, and should have sufficient time available to devote to service on the Board and Board committees. A majority of the Board must be comprised of independent directors. Neither the Corporate Governance and Nominating Committee nor the Board has a policy regarding consideration of diversity in selecting director candidates. In identifying and recommending director candidates, the Corporate Governance and Nominating Committee considers each individual's specific experience and qualifications to determine that individual's desirability and suitability for service on the Company's Board, and also considers the qualifications and composition of the Board as a whole.

The Corporate Governance and Nominating Committee considers stockholder nominees for directors in the same manner as nominees for director from other sources. Stockholder suggestions for nominees for director should be submitted to the Company's corporate Secretary no later than the date by which stockholder proposals for action must be submitted (see "Submission of Stockholder Proposals and Director Nominations" below) and should include the following information: (a) the recommending stockholder's name, address, telephone number and the number of shares of the Company's common stock held by such individual or entity and (b) the recommended candidate's biographical data, statement of qualification and written consent to nomination and to serving as a director, if elected.

The current members of the Corporate Governance and Nominating Committee are Messrs. Bruckmann, Karlson and Sawyer and Ms. Thompson, and Mr. Karlson is the Chair of this committee. The Board has determined in its business judgment that Messrs. Bruckmann, Karlson and Sawyer and Ms. Thompson are "independent", as defined in the applicable NASDAQ listing standards. The Corporate Governance and Nominating Committee held four meetings during 2021.

Finance Committee—The Finance Committee was established by the Board of Directors and operates under a written charter. The Finance Committee oversees and reviews any significant financial affairs and policies of the Company and oversees and monitors all material potential business and financial transactions, as well as any other duties assigned to it by the Board of Directors. The current members of the Finance Committee are Messrs. Bagley, Bruckmann and Engquist, and Mr. Bruckmann is the Chair of this committee. The Finance Committee met eleven times in 2021.

ESG Committee—The ESG Committee was established by the Board of Directors and operates under a written charter. The ESG Committee oversees and advises the Board on the Company's goal setting, strategies and commitments related to sustainability and ESG, including climate risks and opportunities, human rights and human capital management, community and social impact, and diversity and inclusion. The Committee is to meet with the internal ESG task force and other appropriate members of management regarding significant sustainability and ESG-related events and matters and monitor the Company's performance related to its sustainability and ESG goal setting, strategies and commitments. The Committee reviews and oversees the policies and procedures used to prepare sustainability and ESG-related statements and disclosures, as well as any other duties assigned to it by the Board of Directors. The current members of the ESG Committee are Messrs. Arnold, Bagley and Galligan, and Mr. Galligan is the Chair of this committee. The ESG Committee was established in 2022.

SUBMISSION OF STOCKHOLDER PROPOSALS AND DIRECTOR NOMINATIONS

Under the rules of the SEC, stockholders wishing to have a proposal included in the Company's Proxy Statement for the Annual Meeting of Stockholders to be held in 2023 must submit the proposal so that the corporate Secretary of the Company receives it no later than December 2, 2022. The SEC rules set forth standards as to what stockholder proposals are required to be included in a proxy statement. Under the Company's Amended and Restated Bylaws, certain procedures must be followed for a stockholder to nominate persons as directors or to introduce a proposal at an annual meeting of stockholders. A stockholder wishing to make a nomination for election to the Board of Directors or to have a proposal presented at an annual meeting of stockholders must submit written notice of such nomination or proposal so that the corporate Secretary of the Company receives it not less than that date which is 120 days prior to the one year anniversary of the date the Company's proxy statement was released to stockholders in connection with the preceding year's annual meeting of stockholders; provided, however, that in the event that the Company did not hold an annual meeting of stockholders the preceding year or if the date of the annual meeting of stockholders is changed by more than 30 days from the date of the preceding year's annual meeting of stockholders, notice by the stockholder must be delivered within a reasonable time before the Company prints and mails its proxy materials (or makes them available on the Internet) in connection with the annual meeting of stockholders. The Company's Amended and Restated Bylaws also set forth certain informational requirements for stockholders' nominations of directors and proposals.

ITEM 1 - ELECTION OF DIRECTORS

The Company's Amended and Restated Bylaws provide that the Company's business shall be managed by a Board of Directors ranging from five to ten members. The number of directors may be increased or decreased from time to time by resolution of the Board of Directors. Directors shall be elected at the annual meeting of the stockholders and each director elected shall hold office until a successor is duly elected and qualified or until his or her death, resignation or removal.

The Company's Board of Directors is currently comprised of ten members. The Corporate Governance and Nominating Committee identifies and recommends director candidates to serve on the Board. Director candidates are then nominated for election by the Board of Directors. Stockholders are also entitled to nominate director candidates for election in accordance with the procedures set forth in the Company's Amended and Restated Bylaws (see "Corporate Governance — Committees of the Board of Directors — Corporate Governance and Nominating Committee" and "Submission of Stockholder Proposals and Director Nominations" above).

In identifying and recommending director candidates to serve on the Board, the Corporate Governance and Nominating Committee considers the qualifications and composition of the Board as a whole, taking into account the totality of experience, skills and other qualifications or attributes that the individual nominees collectively bring to the Board. The Committee also considers each individual's experience, skills and other qualifications and attributes to determine that individual's suitability and desirability for service on the Company's Board. All director candidates should possess high personal and professional ethics, integrity and values, and should have sufficient time available to devote to service on the Board and Board committees. In addition, a majority of the Board must be comprised of independent directors. The experience, skills and attributes which the Corporate Governance and Nominating Committee considers include, but are not limited to, the individual's: (i) experience serving on the board of directors of a publicly traded company; (ii) independence; (iii) financial and/or audit committee experience; (iv) compensation committee experience; (v) experience with corporate transactions, such as capital-raising and other corporate finance transactions and acquisitions; (vi) experience in the Company's industry; and (vii) demonstration of overall responsibility for a company's performance, such as managing or operating a company.

At the Annual Meeting, nine directors are to be elected as John Sawyer is not seeking reelection. Simultaneously with Mr. Sawyer's resignation from the Board of Directors, the number of directors that constitutes the Board will be reduced from ten (10) to nine (9). All nine nominees have been recommended for election by the Corporate Governance and Nominating Committee. All nominees have consented to being named as nominees for directors of the Company and have agreed to serve if elected. If some or all of the nominees should become unavailable to serve at the time of the Annual Meeting, the shares represented by proxy will be voted for any remaining nominee(s) and any substitute nominee(s) designated by the Board of Directors. In no event, however, will the shares represented by proxy be voted for more than nine nominees. Director elections are determined by a plurality of the votes cast; however, in accordance with the Company's director resignation policy, a director who received more "withheld" votes than "for" votes in any uncontested election of directors is required to submit his or her resignation to the Board, and the Board, in consultation with the Corporate Governance and Nominating Committee, may accept the resignation or other alternative action as they deem appropriate. If the resignation is rejected, the Board will disclose the reasons for doing so in a report filed with the SEC within 90 days of the certification of the election results.

Set forth below is information regarding each nominee for director, including the specific experience, qualifications, skills or attributes that led to the conclusion that such nominee should serve as a director of the Company.

AUDIT COMMITTEE REPORT

The information contained in this report shall not be deemed to be "soliciting material" or "filed" for purposes of Section 18 of the Exchange Act or otherwise subject to liability under that Section. This report shall not be deemed "incorporated by reference" into any document filed under the Securities Act of 1933, as amended (the "Securities Act"), or the Exchange Act, whether such filing occurs before or after the date hereof, regardless of any general incorporation language in such filings, except to the extent that the Company specifically incorporates it by reference.

The Audit Committee assists the Board in meeting its oversight responsibility to stockholders, potential stockholders, the investment community and others. The Audit Committee's function is one of oversight, recognizing that management is responsible for preparing the Company's financial statements, and the independent registered public accounting firm is responsible for auditing those statements. Management of the Company is responsible for (1) the preparation, presentation, and integrity of the Company's financial statements; (2) the appropriateness of the accounting principles and reporting policies that are used by the Company; (3) establishing and maintaining adequate internal control over financial reporting, as such term is defined in the Exchange Act; and (4) maintaining adequate disclosure controls and procedures, as such term is defined by the Exchange Act. The Company's independent registered public accounting firm is responsible for (1) auditing the Company's annual consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and expressing an opinion on the conformity of those consolidated financial statements with accounting principles generally accepted in the United States of America ("GAAP"); (2) auditing and attesting to the Company's internal control over financial reporting based on criteria established in *Internal Control – Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission (the "COSO criteria"); and (3) reviewing the Company's unaudited interim condensed consolidated financial statements. The Audit Committee's primary responsibility is to oversee the Company's financial reporting process on behalf of the Board and report the results of its activities to the Board. It is not the Audit Committee's duty or responsibility to conduct auditing or accounting reviews or procedures. In performing its oversight function, the Audit Committee relies, without independent verification, on the information provided to it and on the representations made by management and the Company's independent registered public accounting firm. The Audit Committee will however take the appropriate actions to set the overall corporate "tone" for quality financial reporting, sound business risk practices, and ethical behavior.

The Audit Committee is directly responsible for the selection of the independent registered public accounting firm to be retained to audit the Company's consolidated financial statements and internal control over financial reporting, and once retained, the independent registered public accounting firm reports directly to the Audit Committee. The independent registered public accounting firm is ultimately accountable to the Audit Committee and the Board. In connection with the decision regarding whether to re-appoint the independent auditor each year (subject to stockholder ratification), the Audit Committee conducts an annual assessment of the independent auditor's performance, including with respect to the independent auditor's qualifications and experience, the communication and interactions with the auditor over the course of the previous year and the auditor's independence, objectivity and professional skepticism. The Audit Committee consults with and reviews recommendations made by the independent registered public accounting firm with respect to the Company's consolidated financial statements and related disclosures and internal control over financial reporting of the Company and makes recommendations to the Board as it deems appropriate from time to time. The Audit

Committee is responsible for approving both audit and non-audit services to be provided by the independent registered public accounting firm. The Audit Committee is currently composed of four directors, all four of whom the Board has determined to be independent as that term is defined by applicable NASDAQ listing standards and SEC rules. The Board has determined, in accordance with applicable NASDAQ listing standards, that Messrs. Edsell, Galligan and Thompson are audit committee financial experts, as defined in Item 407(d)(5) of Regulation S-K of the Exchange Act. The Audit Committee operates under a written charter adopted by the Board, which is available on the Company's Internet website at www.he-equipment.com. The Audit Committee charter is reviewed on an annual basis by the Audit Committee and is subject to amendment from time to time.

The Audit Committee meets with management periodically to consider the adequacy of the Company's internal controls, and discusses these matters with the Company's independent registered public accounting firm. The Audit Committee also discusses with senior management the Company's disclosure controls and procedures. The Audit Committee's oversight of the independent registered public accounting firm includes resolution of disagreements between management and the independent registered public accounting firm regarding financial reporting.

In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed the Company's quarterly earnings releases, Quarterly Reports on Form 10-Q for the periods ended March 31, 2021, June 30, 2021 and September 30, 2021, and the audited consolidated financial statements in the Annual Report on Form 10-K for the year ended December 31, 2021 with management and the Company's independent registered public accounting firm, which included a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the consolidated financial statements.

The Audit Committee also discussed with management and the independent registered public accounting firm the Company's internal control over financial reporting. The Audit Committee has also received from, and discussed with, the Company's independent registered public accounting firm the matters required to be discussed by Public Company Accounting Oversight Board Auditing Standard No. 16 (Communications with Audit Committees). The Audit Committee received the written disclosures and the letter from the Company's independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence. In addition, the Audit Committee discussed with the independent registered public accounting firm its independence, including the compatibility of any non-audit services with the independent registered public accounting firm's independence.

The Audit Committee discussed with the Company's independent registered public accounting firm the overall scope and plans for its 2021 audit. The Audit Committee met with the independent registered public accounting firm, with and without management present, to discuss the year 2021 results of its consolidated financial statement audit, its audit of the Company's internal controls over financial reporting and the overall quality of the Company's financial reporting. Both the Director of Internal Audit and the independent registered public accounting firm have direct access to the Audit Committee at any time on any issue of their choosing, and the Audit Committee has the same direct access to the Director of Internal Audit and the independent registered public accounting firm, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements for the year ended December 31, 2021 be included in the 2021 Annual Report on Form 10-K for filing with the SEC.

The Audit Committee has appointed the firm of BDO USA, LLP as independent registered public accounting firm to audit and report upon the Company's consolidated financial statements and internal control over financial reporting for the year ending December 31, 2022. In making this selection, the Audit Committee has considered whether BDO USA, LLP's provision of services other than audit services is compatible with maintaining their independence.

ITEM 2 - RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has appointed BDO USA, LLP as the independent registered public accounting firm to audit the Company's consolidated financial statements for the year ending December 31, 2022 and internal control over financial reporting. Although action by the stockholders on this matter is not required under Delaware law or the Sarbanes-Oxley Act of 2002, as amended, or the rules of the SEC promulgated thereunder, the Audit Committee and the Board of Directors believe it is appropriate to seek stockholder ratification of this appointment in light of the role played by the independent registered public accounting firm in reporting on the Company's consolidated financial statements. Ratification requires the affirmative vote of a majority of eligible shares present at the Annual Meeting, in person or by proxy, and voting thereon. If this appointment is not ratified by the stockholders, the Audit Committee may reconsider its appointment. One or more representatives of BDO USA, LLP are expected to attend the Annual Meeting. They will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

The Board of Directors recommends a vote FOR ratification of the appointment of BDO USA, LLP as the Company's independent registered public accounting firm for the year ending December 31, 2022.

ESG HIGHLIGHTS

The Company, our NEOs and our Board understand the importance of acting responsibly as a business, an employer and a corporate citizen. We are committed to incorporating environmental and social considerations into our business and have established an internal ESG task force consisting of a cross-functional team of senior management and executives to embed ESG principles into our key business processes. Our ESG Committee provides oversight and governance responsibility over our commitment to these matters.

H&E's operating philosophy is that our growth and continued success are the result of management and employees working together in a spirit of cooperation and teamwork. Our core values emphasize an environment where safety, diversity, inclusion, talent development, training and retention, and corporate responsibility are top priorities. We believe our employees are our greatest asset. We remain focused on furnishing friendly and safe working conditions, providing competitive pay and offering quality benefits, and producing revenue for the continued growth of the Company and the communities in which we operate, with an emphasis on the welfare of our employees and their families. Some of these core values are further described below.

Health and Safety. The Health and Safety of our employees is an unwavering core value and is prioritized through our LIVESAFE program, which focuses on employee safety at Work, Home, and at Play. Senior operational leaders play a vital role in the communication, implementation, and follow-through of our safety program and we require accountability, commitment and compliance from all employees. Behavioral safety is the foundation of our safety culture which incorporates elements such as job safety observations, near miss reporting, safety meetings and ride-along programs, among others. These proactive measures in conjunction with the full implementation of stop-work authority at all levels leads to a record of safety at our branch locations. Assessments and metric reporting provide for transparency and accountability at all levels of our organization while incentive programs focused on accident prevention and behavior safety improvements reward the outstanding safety behavior of our employees.

Employee Wellness and Benefits. The health and wellness of our employees and their families is a top priority for us. We equip our employees with the benefits and tools they need to lead healthy, secure and balanced lives. We offer an array of comprehensive benefit options including retirement savings plans, medical insurance, prescription drug benefits, dental insurance, vision insurance, flexible medical spending accounts, life and disability insurance, accident and critical illness insurance and dependent care programs. We additionally provide paid time off, bereavement leave, wellness credits and employee assistance programs.

Inclusion and Diversity. We strive to build an inclusive and diverse team that reflects the variety of people, cultures and communities we interact with to create an inclusive, productive and diverse environment. We believe that varied perspectives best leverage employee talents, leading to creative thinking, open communication and greater engagement. The Company is committed to a full-spectrum of diversity inclusive of gender, ethnicity, race, sexual orientation, age, disability, veteran status, religion, culture, background, and experiences. Our efforts will continue to focus on hiring and supporting historically underrepresented groups and on building a more inclusive, diverse and empowered culture at the Company.

Training and Development. We are committed to the continued development of our employees. We provide employees meaningful career and skill development opportunities to enhance their skills and level of service. We offer training in an array of categories such as management and leadership, rentals, sales, parts and service, safety, technology and vehicle operations. We require compliance with annual trainings covering work-place safety and technology security to safeguard our assets and our people. We believe these training opportunities support improved performance and effectiveness as well as personal and professional growth.

Corporate Responsibility and Sustainability. We recognize the importance of ESG practices. We are committed to integrating, expanding and maintaining sustainable operations to support the long-term success of our business, shareholders, employees and customers. We continue to monitor the expansion of policies in this area and have established an internal ESG task force to embed ESG principles into our key business processes, as well as ensure compliance with future regulations. Recognizing the fundamental importance of ESG matters, our Board of Directors established an ESG Committee to provide governance, guidance and oversight over our ESG strategy and practices. While the ESG Committee holds primary responsibility for ESG oversight, our entire Board of Directors is fully engaged in these efforts.

Compensation Discussion and Analysis

This Compensation Discussion and Analysis (“CD&A”) provides an overview of the Company’s executive compensation program together with a description of the material factors underlying the decisions which resulted in the compensation provided to the Company’s Executive Chairman of the Board (“Executive Chairman”), Chief Executive Officer (“CEO”), Chief Financial Officer and Secretary (“CFO”) and Chief Operating Officer and President (“COO”) (collectively, the named executive officers (“NEOs”)) for 2021 (as presented in the tables which follow this CD&A). The Company did not have any other executive officers during the year ended December 31, 2021.

Executive Summary

The Company’s executive compensation program is designed to attract, retain and motivate a team of highly qualified senior executives who will promote both the near-term and long-term interests of our stockholders, while simultaneously discouraging excessive risk-taking by the Company’s management. The Company seeks to achieve these goals by compensating our executives through a combination of base salary, annual cash bonus opportunities and long-term equity incentive awards. The Company is committed to linking pay to performance on an individual and company-wide basis. As a result, the Company generally does not enter into employment, change in control or severance agreements with our senior executives and does not provide supplemental executive retirement benefits (other than NEO participation in a Company-sponsored 401(k) plan and accelerated vesting of certain equity awards made to NEOs upon a change in control), which the Company generally believes to be inconsistent with a performance-oriented approach to compensation.

The Company’s compensation policies and decisions during fiscal year 2021 were influenced by a variety of factors, including the macroeconomic conditions within our industry and market, including the Company’s continued response to the COVID-19 pandemic, the NEO’s individual experience, level of responsibility and performance as part of the Company’s senior management team, the recommendation of our Executive Chairman (as applicable) and the Pearl Meyer Study (as defined below), as well as the continued achievements of the Company and executive management team as a whole, including in such areas as operations, cash management, asset management, strategic divestitures, strategic transactions and their integration, new branch openings and the Company’s other growth initiatives. Based on these factors, the Compensation Committee (the “Committee”) approved salary increases for the CEO, COO and CFO and bonuses for 2021 for each of the NEOs (as further described below).

Compensation Committee

The Committee is currently composed of four non-employee directors, each of whom is an independent director under the NASDAQ listing standards and the SEC rules. The Committee has responsibility for determining and implementing the Company’s philosophy with respect to executive compensation. Accordingly, the Committee has overall responsibility for approving and evaluating the various components of the Company’s executive compensation program. The Committee meets at least twice per year (and more often as necessary) to discuss and review the compensation of the NEOs. The Committee annually reviews and approves the compensation of the CEO. The Committee also reviews and approves the compensation of the CFO and COO after considering the recommendations of the Executive Chairman. In establishing and reviewing compensation for the NEOs, the Committee considers, among other things, the financial results of the Company, recommendations of management, and financial and compensation data for comparable companies.

Beginning in 2014, the Committee engaged Pearl Meyer as the Committee’s independent compensation consultant with respect to compensation matters, and the Committee continued to engage Pearl Meyer during fiscal year 2021. In connection with its engagement by the Committee, Pearl Meyer prepared a compensation study, dated October 30, 2014, that encompassed all areas of compensation, including salary ranges, bonus plans and long-term incentives (as amended and supplemented, the “Pearl Meyer Study”). Pearl Meyer continued to update and refine its study from time to time at the request of the Compensation Committee. As described below in further detail, the Committee referred to the Pearl Meyer Study in determining 2021 annual bonuses for the NEOs.

The Committee operates under a written charter adopted by the Board of Directors of the Company, which is annually reviewed by the Committee. A copy of this charter is available on our Internet website at www.he-equipment.com.

Executive Compensation Philosophy and Objectives

The Committee’s goals in structuring the Company’s compensation program for its NEOs are to:

- provide incentives to achieve Company financial objectives;

- provide long-term incentives for the executive officers;
- set compensation levels competitively to attract and retain highly-qualified executives and to motivate them to contribute to the Company's success; and
- align the interests of executives with the interests of our stockholders.

The Committee has determined that to achieve these objectives, the Company's executive compensation program should reward both individual and Company short-term and long-term performance. To this end, the Committee believes that executive compensation arrangements provided by the Company to its executive officers should generally include both cash and stock-based compensation. The Committee has increased the percentage of stock awards to be more heavily weighted to performance based awards, rather than time based awards, and will continue to analyze the appropriate mix of time and performance based stock awards. However, the Committee does not rely on any policy or formula in determining the appropriate mix of cash and equity compensation, nor does it rely on any policy or formula in allocating long-term compensation to different forms of awards.

Setting Executive Compensation; Processes; Role of Management

A complete description of the Committee's processes and the role of executives in setting compensation can be found earlier in this Proxy Statement in the section entitled "Corporate Governance — Committees of the Board of Directors — Compensation Committee."

The Committee also considers corporate performance, the collective performance of the executive management team, an executive's level of experience and responsibility and an executive's current and past compensation levels. In addition, the Committee reviews market data for comparable companies to develop a general sense of executive compensation levels at companies with which the Company believes it competes when hiring management employees.

In determining annual bonuses for the NEOs in 2021, the Committee also took into account the Pearl Meyer Study, which provided compensation data for comparable companies. While the Committee considers the Pearl Meyer Study in establishing the compensation for the NEOs as a general check to ensure reasonable market comparability, it does not attempt to expressly benchmark any element of compensation or mix of compensation against any specific peer group of companies or any specific percentile within any such peer group. However, the Committee does periodically review information regarding compensation trends and levels from a variety of sources in making compensation decisions, including supplemental information from Pearl Meyer.

Although the advisory stockholder vote on executive compensation is non-binding, the Committee also considered, and will continue to consider, the outcome of the vote when making compensation decisions for the NEOs. At the 2021 Annual Meeting of Stockholders held on May 14, 2021, approximately 96.0% of the stockholders who were eligible to vote on the "say-on-pay" proposal approved the compensation of our NEOs. The Committee believes that the results of the say-on-pay vote constitute compelling evidence of strong stockholder support of the Company's existing compensation philosophy and objectives and the Committee's actions and decisions with respect to NEO compensation, and, therefore, the Committee did not make material changes to its compensation philosophy and objectives as a result of such vote. The Company currently holds a say-on-pay vote on an annual basis in accordance with the preference expressed by our stockholders at our 2019 Annual Meeting.

2021 Executive Compensation Components

The Company's executive compensation program is composed of three principal components:

- base salary;
- cash bonuses; and
- long-term incentives, consisting of equity awards.

In making decisions with respect to any element of an NEO's compensation, the Committee considers the total current compensation that such NEO may be awarded. The Committee's goal is to provide compensation that is reasonable in relation to the Company's compensation philosophy and objectives when all elements of potential compensation are considered.

The Company generally does not employ senior executives pursuant to employment agreements, and none of the NEOs currently has an employment contract. However, the Company entered into restrictive covenant agreements during 2015 with each of Mr. Barber and Ms. Magee and during 2022 with Mr. Engquist (McDowell). Each of the restrictive covenant agreements provides that, during the NEO's employment with the Company and for a period of 12 months following a termination of employment for any reason, the executive will not engage in any business that competes with the business of the Company, solicit customers or other business relationships of the Company or its affiliates or solicit the services of any person who was an employee or independent contractor of the Company within six months prior to such solicitation. The restrictive covenant agreements also include an assignment of intellectual property rights in favor of the Company and, during employment and for an indefinite period thereafter,

require the executive to keep confidential any confidential information relating to the Company or its affiliates and cooperate in Company-related litigation. The agreements also prohibit the executives from making remarks that disparage the Company and its affiliates during employment and for an indefinite period thereafter. In consideration for their entering into the restrictive covenant agreements, Mr. Barber and Ms. Magee each received a one-time grant of restricted stock.

Base Salaries

In General. The Company provides NEOs with base salaries as a component of total remuneration to compensate them for services rendered during the relevant fiscal year. In determining base salaries, the Committee takes into account several factors, including:

- historical information regarding compensation previously paid to NEOs;
- the individual executive's experience and level of responsibility; and
- the performance of the Company and the executive management team.

In addition, the Committee considers base salaries paid by comparable companies. As noted above, the Committee uses peer group data in a general sense to gauge the range of base salary levels of executive officers of such peer group companies in order to confirm the reasonableness of the base salaries of the NEOs and does not engage in benchmarking.

In the absence of a promotion or special circumstances, the Committee reviews and approves executive salaries once annually.

Consideration of 2021 Base Salaries. The Committee considered the following factors in setting the NEOs' base salaries for 2021: the macroeconomic conditions within our industry and market; the Company's long-term incentive plan design; the mix of cash compensation and long-term equity compensation; the NEOs' individual experience, level of responsibility and performance as part of the Company's senior management team; the collective performance of the executive management team as a whole, including in the areas of operations, cash management, asset management, strategic transactions and their integration, new branch openings and the Company's other growth initiatives; the recommendations of the Executive Chairman for the other NEOs; and the Pearl Meyer Study. Additionally, the Committee considered the changes to the management team of the Company in accordance with its succession plan. Based on these factors, the Committee approved increases in base salary for 2021 for the CEO in an amount of approximately 8% and for the CFO in an amount of approximately 3%. The following table sets forth the NEOs' base salaries for 2021 and, for those who were NEOs during 2020, compares them with the NEOs' base salaries for 2020:

Executive	2021 Base Salary	As Compared to 2020 Base Salary
John M. Engquist	\$ 893,000	no increase from \$893,000
Bradley W. Barber	\$ 748,000	\$55,000 or approximately 8%, increase from \$693,000
Leslie S. Magee	\$ 489,000	\$14,000 or approximately 3%, increase from \$475,000
John McDowell Engquist (1)	\$ 436,000	—

(1) John McDowell Engquist was not an NEO in fiscal year 2020.

Annual Bonuses

In General. Annual cash bonuses are included as part of the executive compensation program because the Committee believes that a significant portion of each NEO's compensation should be contingent on the annual performance of the Company, as well as the collective annual performance of the executive management team. The Committee believes that this structure is appropriate because it aligns the interests of management and stockholders by rewarding executives for strong annual performance by the Company.

The NEOs are eligible for an annual bonus payable at the discretion of the Committee. In determining bonuses, the Committee typically takes into account bonus guidelines that are determined by the Committee in consultation with the Executive Chairman. The guidelines, if adopted, are based on the Company's achievement of financial targets. The Committee reviews and approves these guidelines after discussion and in consultation with the Executive Chairman. Actual bonus amounts may differ from those provided under the guidelines since the Committee retains full discretion in determining bonuses.

After the close of a fiscal year, the Committee generally determines and approves the amount of the annual bonus earned by each NEO for such fiscal year. The bonus is typically paid in February or March following the fiscal year to which the annual bonus relates. At the discretion of the Committee, a portion of the bonus may be deferred, which deferred portion generally will be paid in two equal annual installments over the following two years and accrue interest at the prime rate, which is reset annually each January 1st to the rate then in effect. The Committee determined that no portion of the 2021 discretionary bonuses for the NEOs would be deferred.

Consideration of 2021 Annual Bonus. For fiscal year 2021, the Committee approved bonus guidelines for the NEOs based on the Company's achievement of specified threshold and target levels of earnings before interest, taxes, depreciation and amortization

(EBITDA) and return on gross net assets (ROGNA). For the Committee's purposes, ROGNA is defined as income (loss) from continuing operations before interest, taxes, depreciation and amortization adjusted for non-recurring items (or Adjusted EBITDA) divided by the sum of the average of gross rental equipment, gross property and equipment and net working capital. These financial objectives have been determined by the Committee to be the appropriate metrics to use for the 2021 bonus guidelines because EBITDA is familiar to and targeted by the executive management team and because ROGNA is a metric that demonstrates management's efficiency at managing assets and costs to generate earnings. These financial objectives are also consistent with the Committee's compensation philosophy of linking executive performance to the Company's financial performance.

Under the 2021 bonus guidelines, separate bonus amounts were calculated based on actual EBITDA and ROGNA levels, as compared to target EBITDA and ROGNA levels approved by the Committee, provided that a minimum ROGNA level was required to be obtained before any bonus was paid. The Committee believes that a minimum ROGNA level underscores the importance of the NEO's continued management of Company assets. The bonus ranges based on EBITDA were given a weight of 60% and the bonus ranges based on ROGNA were given a weight of 40% in determining the recommended bonus amount. The Committee believes the relative weight was appropriate to motivate management to achieve EBITDA at or above the budgeted level, while at the same time managing Company assets. Bonus amounts are calculated as a percentage of base salary and increase incrementally based on increases in EBITDA and ROGNA as compared to the target EBITDA and ROGNA levels.

Under the 2021 guidelines, Mr. Engquist had a target bonus of 100% of his base salary and a maximum bonus potential of 200% of his base salary, while Mr. Barber, Ms. Magee and Mr. Engquist (McDowell) had target bonuses of 100%, 70% and 75% of their respective base salaries, respectively, and maximum bonus potentials of 200%, 140% and 150% of their respective base salaries, respectively. The Committee felt that these bonus ranges were set at a level that appropriately reflected the Company's budgeted targets and the economic landscape. The Company does not publicly disclose specific internal income or operation objectives due to the competitive nature of its industry. In addition, specific targets under the management incentive guidelines are not disclosed because (i) the Committee has discretion with respect to the guidelines and (ii) such disclosure would signal where the Company places its strategic focus and would impair the Company's ability to gain a competitive advantage from its business plan. In addition, disclosing short-term compensation objectives would contradict the Company's long-term financial focus and could result in confusion for investors.

As described above, based upon the Company's 2021 performance, the Committee determined to pay discretionary cash bonuses to each of Messrs. Engquist, Barber and Engquist (McDowell) and Ms. Magee in February 2022. The Committee approved 2021 discretionary cash bonuses of \$823,941, \$690,155, \$322,742 and \$306,726 for Mr. Engquist, Mr. Barber, Ms. Magee and Mr. Engquist (McDowell), respectively (or approximately 92%, 93%, 66% and 70%, respectively, of their respective base salaries). The Committee determined that the bonus amounts for Messrs. Engquist, Barber and Engquist (McDowell) and Ms. Magee were appropriate in light of the Company's overall performance and in consideration of each executive's contributions to this performance. The Committee determined to pay each of the Executive Chairman's, CEO's, CFO's and COO's respective 2021 discretionary bonuses in cash in February 2022.

Long-Term Incentives

In General. The Committee believes that NEOs should be compensated in part with equity interests in the Company in order to more closely align the long-term interests of stockholders and executives. The Committee also believes that equity awards are an important means of attracting and retaining qualified executives. Accordingly, the Committee provides long-term incentives by means of periodic grants of stock awards under the 2016 Incentive Plan. Stock awards available under the 2016 Incentive Plan include restricted stock, restricted stock units, stock options, deferred stock and other stock-based awards.

All grants of equity compensation to NEOs are made by the Committee, and the Committee determines the size of long-term incentive awards in its discretion based upon a number of factors. The Committee's decisions regarding whether grants are made and the type and size of any grants may be based upon Company performance, performance of the executive management team, performance of an individual NEO, position held, years of service, level of experience and potential of future contribution to the Company's success, recommendations of the Executive Chairman, and the Pearl Meyer Study or any other compensation study prepared by the Committee's independent compensation consultant in the future. In making decisions about future grants, the Committee may also consider long-term incentive grants previously awarded to the NEOs, long-term incentive grants given to other executive officers throughout the Company's history and grant practices at comparable companies.

2021 Time-Based Restricted Stock Grants. On May 13, 2021, the Committee approved grants of time-based restricted stock as follows, effective August 2, 2021: Mr. Engquist — 13,999 shares; Mr. Barber — 15,797 shares; Ms. Magee — 8,580 shares; and Mr. Engquist (McDowell) — 5,971 shares. When awarding grants to the NEOs, the Committee considered a variety of factors, as discussed above, including the performance of the executive management team and management's leadership during the macroeconomic conditions in our industry and market.

Each of these awards vests in equal annual installments on the first, second and third anniversaries of the date of grant, conditioned on the executive's continued employment with the Company on the applicable vesting date. The Committee believes that this vesting schedule serves to motivate and retain the recipients, providing continuing benefits to the Company beyond those achieved in the year of grant. Each of the awards granted to Messrs. Engquist, Barber and Engquist (McDowell) and Ms. Magee will also vest in full upon a change in control of the Company, as described in more detail below under the heading "— Potential Payments Upon Termination or Change in Control." Under the terms of these awards, in the event that an NEO's employment with the Company is terminated for any reason, such NEO will forfeit all of his or her unvested shares of restricted stock. In addition, in the event that an NEO's employment with the Company is terminated for cause, such NEO will forfeit all of his or her vested and unvested shares of restricted stock.

2021 Performance-Based Restricted Stock Unit Grants. In 2015, the Committee introduced a new component of its long-term equity-based incentive program by making grants of restricted stock units, or RSUs, the vesting of which is based entirely upon the achievement of performance goals, as described below. The purpose of granting performance-based RSUs was to more closely align the interests of the Company's NEOs with its stockholders, while being mindful of creating inappropriate incentives for executives to engage in excessive risk-taking, by increasing the role that long-term equity incentives play in the Company's overall compensation program and making such equity incentives subject to the achievement of the Company's financial performance over a three-year period.

On May 13, 2021, the Committee approved grants of RSUs with target share amounts as follows, effective August 2, 2021: Mr. Engquist — 20,999 shares; Mr. Barber — 23,696 shares; Ms. Magee — 12,870 shares; and Mr. Engquist (McDowell) — 8,956 shares. When awarding grants of RSUs to the NEOs, the Committee considered a variety of factors, as discussed above with respect to the restricted stock component.

The RSUs may vest with respect to a number of shares that is between 0% and 200% of the target number of shares specified in the applicable award agreement. Vesting of RSUs occurs at the end of the three-year performance period, ending on December 31, 2023, based upon a weighted average of the Company's achievement of pre-determined goals, during each of the three years of the performance period, with respect to the Company's EBITDA growth (30% weighting), rental gross profit growth (30% weighting) and ROGNA improvement (40%). The Committee reevaluates these components and weightings each year, and may elect to change one or more components or the associated weightings in future years in an effort to better align the quantitative goals with the plan's purpose.

If the threshold level of performance is not achieved, none of the RSUs will vest at the end of the performance period. If the threshold level of performance is achieved, 50% of the shares subject to the award will vest. If the target level of performance is achieved, 100% of the shares subject to the award will vest. If the maximum level of performance is achieved, 200% of the shares subject to the award will vest. If performance during any fiscal year falls between the threshold and target performance levels, or between the target and maximum performance levels, with respect to any of the three performance categories, the weighting for that category will be determined by linear interpolation.

Under the terms of the award agreements, at the conclusion of the performance period, the grants of RSUs shall be settled exclusively in shares of the Company. The RSU grants do not automatically vest if a change in control of the Company occurs prior to the end of the performance period. Further, if the executive's employment terminates for any reason prior to the end of the performance period, all RSUs subject to the award will be forfeited with no compensation due to the executive.

The Committee determined the approximate amount of the long-term incentive awards and awarded shares of restricted stock and RSUs that had a fair market value on the date of grant that approximated such amount. The approximate grant date fair market value of the restricted stock and RSUs granted to each executive in 2021 are reflected in the following table:

Executive	Restricted Stock (# shares)	Restricted Stock (\$ (1))	Minimum RSUs (#)	Minimum RSUs (\$ (1))	Target RSUs (#)	Target RSUs (\$ (1))	Maximum RSUs (#)	Maximum RSUs (\$ (1))
John M. Engquist	13,999	476,386	10,500	357,315	20,999	714,596	41,998	1,429,192
Bradley W. Barber	15,797	537,572	11,848	403,187	23,696	806,375	47,392	1,612,750
Leslie S. Magee	8,580	291,977	6,435	218,983	12,870	437,966	25,740	875,932
John McDowell Engquist	5,971	203,193	4,478	152,386	8,956	304,773	17,912	609,545

(1) Dollar amount represents the fair value of shares underlying the award on August 2, 2021, the grant date of the award, based on the per-share closing price of the Company's common stock on July 30, 2021, the last trading day immediately preceding the grant date, of \$34.03.

The Company has no formal program, plan or practice to time the grant of equity awards to its executives in coordination with the release of material non-public information.

Stock Ownership/Retention Guidelines. The Company does not require its NEOs to maintain a minimum ownership interest in the Company.

Other Compensation and Perquisite Benefits

401(k) Plan. In addition to the principal categories of compensation described above, the NEOs are eligible to participate in the Company's broad-based health and welfare benefit plans on the same terms and conditions as are available to all employees generally, including medical, dental, disability and life insurance. The Company also sponsors a 401(k) plan. The 401(k) plan is a tax-qualified retirement savings plan pursuant to which all employees, including the NEOs, are able to contribute to the 401(k) plan up to the limit prescribed by the Internal Revenue Code of 1986, as amended (the "Code"). The Company makes a matching contribution of 50% of the first 10% of pay contributed by the employee to the 401(k) plan, subject to a Company match annual maximum amount. All contributions made by a participant vest immediately and matching contributions made by the Company vest over the employee's first five years of eligible service, in annual increments of 25% beginning after the employee has completed two years of eligible service. These benefits are not tied to any individual or corporate performance objectives and are intended to be part of an overall competitive compensation program.

Other Benefits and Perquisites. The NEOs are not generally entitled to benefits that are not otherwise available to all of our employees. In this regard it should be noted that the Company does not provide pension arrangements (other than the 401(k) plan), nonqualified deferred compensation plans, post-retirement health coverage or similar benefits for its executives. However, the NEOs are entitled to short-term and long-term disability benefits, annual automobile allowances and other automobile benefits, such as fuel costs, which are noted in the "All Other Compensation" column in the Summary Compensation Table shown below.

Mr. Engquist does not receive an annual automobile allowance. Instead, Mr. Engquist is given use of an automobile which the Company purchased in 2021. The Company also provides Mr. Engquist with certain automobile benefits, such as fuel and maintenance costs, in connection with his use of this automobile. The Company and the Committee believe that the benefits described above are consistent with the goal of attracting and retaining superior executive talent. No NEO is entitled to be "grossed up" by the Company in connection with taxes incurred by the NEO in connection with the receipt of these perquisites.

Tax and Accounting Implications

Deductibility of Certain Compensation

Section 162(m) of the Code limits the amounts that may be deducted (for federal income tax purposes) by a public company for compensation paid to certain individuals to \$1,000,000, except that, in 2017 and prior years, compensation in excess of the \$1,000,000 threshold could be deducted if it met the requirements to be considered "qualifying performance-based compensation" within the meaning of Section 162(m) of the Code.

The Tax Cuts and Jobs Act, passed by Congress in December 2017, eliminated the "performance-based" compensation exemption under Section 162(m) of the Code. Therefore, for 2018 and subsequent years, compensation paid to our CEO, our CFO, our COO and to any other NEOs (each, a "covered employee") generally will not be deductible for federal income tax purposes to the extent such compensation exceeds \$1,000,000, regardless of whether such compensation would have been considered "performance-based" under prior law. This limitation on deductibility applies to each individual who is a "covered employee" (as defined in Section 162(m) of the Code) in 2017 or who becomes a covered employee in any future year, and continues to apply to each such individual for all future years, regardless of whether such individual remains an NEO. There is, however, a transition rule that allows "performance-based" compensation in excess of \$1,000,000 to continue to be deductible if the remuneration is provided pursuant to a binding contract which was in effect on November 2, 2017 and which was not subsequently materially modified.

The Committee believes that our stockholders' interests are best served by not restricting the Committee's discretion in structuring compensation programs, and thus the Committee intends to maintain flexibility to pay compensation that is not entirely deductible when the best interests of the Company make that advisable. In approving the amount and form of compensation for the NEOs, the Committee will continue to consider all elements of the cost to the Company of providing such compensation, including the potential impact of Section 162(m) of the Code.

Section 409A

Section 409A of the Code imposes a 20% additional tax and interest on the recipient of "nonqualified deferred compensation" that fails to satisfy the requirements of Section 409A of the Code with respect to the timing of deferral elections, the timing of payments and certain other matters. Accordingly, as a general matter, the Company attempts to structure its compensation and benefit plans and arrangements for all of its employees, including the NEOs, so that they are either exempt from, or satisfy the requirements of, Section 409A of the Code. No NEO is entitled to be "grossed up" by the Company for any additional tax or interest imposed on the executive by Section 409A of the Code as a result of any compensation that is not exempt from, and does not satisfy the requirements of, Section 409A of the Code.

Section 280G

Section 280G of the Code imposes certain penalties on “excess parachute payments” made to certain executives and highly-compensated employees in connection with a change in control. Stock options or restricted stock awards that are accelerated upon the occurrence of a change in control of the Company may give rise, in whole or in part, to “excess parachute payments” within the meaning of Section 280G of the Code. The Company is not permitted to take a deduction for any “excess parachute payments” and Section 4999 of the Code imposes a 20% excise tax on the recipients of such payments. As described in more detail below under the heading “— Potential Payments Upon Termination or Change in Control,” certain awards under the 2006 Incentive Plan or the 2016 Incentive Plan to the NEOs will vest upon a change in control of the Company and, therefore, may give rise, in whole or in part, to an “excess parachute payment.” No NEO is entitled to be “grossed up” by the Company for any excise tax incurred by the NEO as a result of an “excess parachute payment.”

Accounting Implications

The Committee considers the potential accounting impact in connection with equity compensation matters; however, these considerations do not significantly affect decisions on grants of equity compensation.

Compensation Risk Assessment

The Committee conducted an assessment of risks associated with the Company’s compensation policies and practices for the year ended December 31, 2021. This assessment included the: (i) review of programs, plans, policies, procedures and practices relating to the components of executive officer and employee compensation; (ii) review of incentive-based equity and cash compensation; (iii) identification of compensation design features that could potentially encourage excessive or imprudent risk taking; (iv) identification of business risks that these features could potentially encourage; (v) consideration of the presence or absence of controls, oversight or other factors that mitigate potential risks; (vi) assessment of potential risks; and (vii) consideration of the potential for such risks to result in a material adverse effect on the Company and its subsidiaries taken as a whole. Based on the assessment and factors described above, the Committee has determined that there are no risks arising from the Company’s compensation policies and practices for its executive officers and employees that are reasonably likely to have a material adverse effect on its business or operations.

Compensation Committee Interlocks and Insider Participation

None of the Company’s executives serve as a member of the board of directors or compensation committee of an entity that has an executive officer serving as a member of the Company’s Compensation Committee. None of the Company’s executives serve as a member of the compensation committee of an entity that has an executive officer serving as a member of the Company’s Board of Directors. All of the members of the Compensation Committee served on the Compensation Committee during all of the last completed fiscal year of the Company. No member of the Compensation Committee is a former or current executive officer or employee of the Company or any of its subsidiaries.

(1) Grant of restricted stock.

(2) Grant of performance-based RSUs.

(3) These amounts represent the range of stock-based compensation that might be realized under the 2021 grants of performance-based RSUs granted under the 2016 Incentive Plan. The potential payouts are based on performance and are therefore at risk. The performance measures are based upon the Company's achievement of pre-determined goals with respect to the Company's financial performance over a three-year performance period, as described in "Compensation Discussion and Analysis – Long-Term Equity Incentives" above. The performance-based RSUs granted in 2021 will vest on December 31, 2023, subject to the level of achievement of pre-determined performance goals, and further conditioned on the NEO's continuous employment through such date. Performance-based RSUs do not automatically vest upon a "change in control" of the Company. Performance-based RSUs will be settled in shares of the Company.

- (4) Represents shares of restricted stock granted in fiscal year 2021 under the 2016 Incentive Plan. 2021 PAY RATIO

In accordance with Item 402(u) of Regulation S-K, we have calculated a pay ratio of Mr. Engquist, the Company's Executive Chairman of the Board during 2021, and the median of the annual total compensation of all Company employees for 2021. This ratio was determined to be 44:1 and was calculated using the annual total compensation of Mr. Engquist as reported in the Total column of our 2021 Summary Compensation Table of \$2,994,583, compared to the median of the annual total compensation of all employees, excluding Mr. Engquist, of \$68,295.

To identify our median employee, we began with our entire active employee population of 2,052 as of December 31, 2021 (the "determination date"). To identify the median employee from a compensation perspective, we used total compensation as reflected in our payroll records and as reported to the Internal Revenue Service. Compensation was annualized for part-time employees and full-time employees who were employed less than a full year. Using this methodology, we determined that our median employee was a shop mechanic in our service department at our Memphis, Tennessee branch location. We then determined the median employee's compensation for 2021 in accordance with the rules applicable to the compensation elements included in the Summary Compensation Table and compared such compensation to the compensation of Mr. Engquist, as reported in the Summary Compensation Table.

The SEC rules allow companies to use estimates, assumptions, adjustments, statistical sampling and unique definitions of compensation to identify the median employee and calculate the pay ratio. Our estimated pay ratio may not be comparable to other companies because of the differences in how pay ratios may be calculated at other companies.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

Payments Upon Termination of Employment. None of our NEOs are, or were at any time during the 2021 fiscal year, party to an employment agreement, severance agreement or any other type of agreement which provides benefits upon a termination of employment. Upon a termination of employment for any reason, all unvested shares of restricted stock and RSUs will be forfeited with no compensation due to the executive.

Payments Upon Change in Control. Each restricted stock award granted under the 2006 Incentive Plan and 2016 Incentive Plan to our NEOs provides for immediate vesting of all unvested shares of restricted stock in the event of a “change in control.” If a “change in control” occurred on December 31, 2021, 40,797, 41,786, 22,666 and 14,001 shares of restricted stock would have vested for Mr. Engquist, Mr. Barber, Ms. Magee and Mr. Engquist (McDowell), respectively. Based on the closing price of our common stock on December 31, 2021 of \$44.27 per share, the value of such shares held by Mr. Engquist, Mr. Barber, Ms. Magee and Mr. Engquist (McDowell) would have been \$1,806,083, \$1,849,866, \$1,003,424 and \$619,824, respectively. Upon a change in control, awards of performance-based RSUs do not automatically vest; however, the Compensation Committee may, in its discretion, fully vest such award, cause the surviving corporation to assume or replace such award with a comparable award or take any other action with respect to the vesting of such award as permitted under the 2006 Incentive Plan and the 2016 Incentive Plan (as applicable). If a “change in control” occurred on December 31, 2021 and assuming the target performance-based RSUs were discretionarily vested, 58,238, 61,060, 33,162, and 20,681 shares of RSUs would have vested for Mr. Engquist, Mr. Barber, Ms. Magee and Mr. Engquist (McDowell), respectively. Based on the closing price of our common stock on December 31, 2021 of \$44.27 per share, the value of such shares held by Mr. Engquist, Mr. Barber, Ms. Magee and Mr. Engquist (McDowell) would have been \$2,578,196, \$2,703,126, \$1,468,082 and \$915,548, respectively.

Generally, a “change in control” is defined under the 2006 Incentive Plan and the 2016 Incentive Plan as:

- The acquisition of 35% or more of the Company’s voting securities;
- A change in the composition of a majority of the Board of Directors;
- A merger or consolidation where the Company’s stockholders immediately before the merger or consolidation own 70% or less of the voting power of the surviving corporation immediately after the merger or consolidation;
- A complete liquidation or dissolution of the Company, or a sale of substantially all of its assets; or
- A share exchange in which the stockholders of the Company immediately before such exchange own 70% or less of the voting power of the corporation resulting from such exchange.

ITEM 3 — ADVISORY VOTE ON EXECUTIVE COMPENSATION

Background

Pursuant to Section 14A of the Exchange Act, we are providing Company stockholders with the opportunity to vote on a non-binding, advisory resolution to approve the compensation of our NEOs, which is described in the section titled “Compensation Discussion and Analysis” and in the related compensation tables and narrative discussion in this Proxy Statement. This vote is not intended to address any specific element of compensation; rather, the vote relates to the compensation of our NEOs as a whole, as described in this Proxy Statement in accordance with the rules of the SEC. As described more fully in this Proxy Statement, including in the Compensation Discussion and Analysis and the related tables and narrative discussion, our compensation program is designed to provide incentives to our executives for the Company’s achievement of financial objectives. In addition, our program is designed to align the interests of executives with the interests of our stockholders, provide long-term incentives and set compensation at levels sufficiently competitive to attract and retain highly qualified executives and to motivate them to contribute to our success.

Vote Required; Board Recommendation

If a quorum is present, the non-binding advisory approval of the executive compensation described in this Proxy Statement requires the affirmative vote of a majority of shares present, in person or by Proxy and entitled to vote on the matter at the Annual Meeting. Shares voted in person or represented by Proxy which are not voted for approval of our executive compensation (by voting no or abstaining) will have the effect of voting against this proposal. Broker non-votes will not count toward the determination of whether this proposal is approved and will have no impact on the vote. In the absence of instructions to the contrary, shares of Common Stock represented by properly executed Proxies will be voted for approval of our executive compensation, as disclosed in this Proxy Statement. Because this stockholder vote is advisory, it will not be binding on the Company or the Board of Directors. Although the vote is non-binding, the Compensation Committee and the Board of Directors expect to take into account the outcome of the vote when considering future executive compensation decisions to the extent they can determine the cause or causes of any significant negative voting results. The Company’s current policy is to hold such an advisory vote every year.

Based on the foregoing, the Board of Directors is requesting that stockholders vote on the following resolution:

RESOLVED, that the compensation paid to the Company’s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.

The Board of Directors recommends that stockholders vote to approve the compensation of the Company’s Named Executive Officers by voting FOR this resolution.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Registration Rights Agreement

In connection with certain transactions involving the Company and its predecessors (the “Prior Transactions”), a predecessor company (“H&E Holdings”) entered into a registration rights agreement with affiliates of Bruckmann, Rosser, Sherrill & Co., Inc. (“BRS”), certain members of management and certain other entities. In connection with our initial public offering in February 2006, the parties amended and restated the registration rights agreement to provide that the registration rights agreement thereafter applies to our common stock held by the parties.

Investor Rights Agreement

In connection with the Prior Transactions, H&E Holdings entered into an investor rights agreement with affiliates of BRS, Credit Suisse First Boston Corporation and other members of H&E Holdings (the “Investors”). In connection with our initial public offering in February 2006, the parties amended and restated the investor rights agreement to, among other things, provide that the investor rights agreement thereafter applies to our common stock held by the parties. Pursuant to the terms of the restated investor rights agreement, subject to certain conditions, Investors holding 33% or more of the equity interests issued to the Investors on the date of the investor rights agreement (or successor securities) have the right on any two occasions to require us to register all or part of such equity interests under the Securities Act of 1933 at our expense. In addition, the Investors are entitled to request the inclusion of any equity interests subject to the investor rights agreement in any registration statement at our expense whenever we propose to register

any of our equity interests under the Securities Act. In connection with all such registrations, we agreed to indemnify the Investors against certain liabilities, including liabilities under the Securities Act.

Related Party Transactions

The Company maintains a policy that the Audit Committee review transactions in which the Company and its directors, executive officers or their immediate family members are participants to determine whether a related person has a direct or indirect material interest. The Audit Committee is responsible for reviewing and, if appropriate, approving or ratifying any such related party transaction. This policy has been communicated orally by the Board.

In determining whether to approve, disapprove or ratify a related party transaction, the Audit Committee will take into account, among other factors it deems appropriate, (1) whether the transaction is on terms no less favorable to the Company than terms that would otherwise be generally available to the Company if the transaction was entered into under the same or similar circumstances with a party unaffiliated with the Company and (2) the extent of the interest of the related party in the transaction.

Below are the related party transactions which occurred or were in effect during the year ended December 31, 2021. All such related party transactions, if entered into after the Company's initial public offering in February 2006, have been approved or ratified by the Company's Audit Committee or, if pursuant to contractual arrangements entered into prior to the Company's initial public offering in February 2006, have been reviewed annually by the Audit Committee.

Mr. Engquist, our current Executive Chairman of the Board, has a 48.0% ownership interest in Perkins-McKenzie Insurance Agency, Inc. ("Perkins-McKenzie"), an insurance brokerage firm. Perkins-McKenzie brokers a substantial portion of our commercial liability insurance. As the broker, Perkins-McKenzie receives from our insurance provider as a commission a portion of the premiums we pay to the insurance provider. In 2021, commissions paid to Perkins-McKenzie on our behalf as insurance broker totaled \$938,956.

We purchase products and services from, and sell products and services to, B-C Equipment Sales, Inc. ("B-C"), in which Mr. Engquist has a 50% ownership interest. For the year ended December 31, 2021, our purchases from B-C totaled \$85,717 and our sales to B-C totaled \$167,896. Our accounts receivable balances at December 31, 2021 include a receivable from B-C for \$14,659 and there was no accounts payable balance at December 31, 2021 payable to B-C.

Mr. Engquist's son, John McDowell Engquist, is an employee of the Company and was appointed as President and Chief Operating Officer of the Company, effective January 1, 2021. The annual total compensation of Mr. Engquist (McDowell) is reported in the Total column of our 2021 Summary Compensation Table.
