VOTING PROCEDURES

Your vote is very important. Your shares can only be voted at the Annual Meeting if you are present in person or represented by proxy. Whether or not you plan to attend the Annual Meeting, you are encouraged to vote by proxy to ensure that your shares will be represented. Most stockholders have a choice of voting by means of the Internet (www.continentalstock.com), by using a toll-free telephone number (1-866-894-0537) or by completing a proxy card and mailing it in the postage-paid envelope provided. Please refer to your proxy card or the information forwarded by your bank, broker or other holder of record to see which options are available to you. Please be aware that if you vote over the Internet, you may incur costs such as telephone and internet access charges for which you will be responsible. **Also note that proxies submitted by telephone or the Internet must be received by 7:00 p.m., EDT, on June 2, 2008.**

You may revoke this proxy at any time before it is voted by written notice to the corporate Secretary of the Company, by submission of a proxy bearing a later date or by casting a ballot at the Annual Meeting. Unless properly revoked, properly executed and delivered proxies that are received before the Annual Meeting's adjournment or any adjournment thereof will be voted in accordance with the directions provided or, if no directions are provided, those shares will be voted by one of the individuals named on your proxy card as recommended by the Board of Directors. If you wish to give a proxy to someone other than those named on the proxy card, you should cross out those names and insert the name(s) of the person(s), not more than three, to whom you wish to give your proxy.

If you want to vote in person at the Annual Meeting and you hold shares of Company common stock in street name, you must obtain a proxy card from your broker and bring that proxy card to the Annual Meeting, together with a copy of a brokerage statement reflecting your stock ownership as of the record date.

Who can vote? Only stockholders of record as of the close of business on April 22, 2008 are entitled to vote. On that day, approximately 36,248,030 shares of common stock were outstanding and eligible to vote, and there were 42 record holders. Each share is entitled to one vote on each matter presented at the Annual Meeting. A list of stockholders eligible to vote will be available at the offices of H&E Equipment Services, Inc., 11100 Mead Road, Suite 200, Baton Rouge, Louisiana 70816 beginning May 23, 2008. Stockholders may examine this list during normal business hours for any purpose relating to the Annual Meeting.

How does the Board recommend I vote? The Board recommends a vote FOR each Board nominee and FOR ratification of the appointment of BDO Seidman, LLP as the Company's independent registered public accounting firm.

What shares are included in the proxy card? Each proxy card you receive represents all the shares of common stock registered to you in that particular account. You may receive more than one proxy card if you hold shares that are either registered differently or in more than one account. Each share of common stock that you own entitles you to one vote.

How do I vote by proxy? Most stockholders have three ways to vote by proxy: by telephone, via the Internet or by returning the proxy card. To vote by telephone or via the Internet, follow the instructions set forth on each proxy card you receive. To vote by mail, sign and date each proxy card you receive, mark the boxes indicating how you wish to vote, and return the proxy card in the postage-paid envelope provided. Do not return the proxy card if you vote via the Internet or by telephone.

How are votes counted? The Annual Meeting will be held if a quorum, consisting of a majority of the outstanding shares of common stock entitled to vote, is represented at the Annual Meeting in person or by proxy. Broker non-votes, votes withheld and abstentions will be counted for purposes of determining whether a quorum has been reached. When nominees, such as banks and brokers, holding shares on behalf of beneficial owners do not receive voting instructions from the beneficial owners by the tenth day before the Annual Meeting, the nominees may vote those shares only on matters deemed routine.

Because each director nominee is elected by the affirmative vote of the holders of a plurality of the shares of common stock voted, abstentions will have no effect on the election of director nominees (Item 1). The ratification

[Table of Contents](#)

of the appointment of BDO Seidman, LLP requires that the votes cast in favor of the ratification exceed the number of votes cast opposing the ratification (Item 2).

Who will count the vote? The votes will be tabulated by the Company's Director of Finance, W. Scott Bozzell, the inspector of elections appointed by the Board of Directors for the Annual Meeting.

Where can I find the results of the Annual Meeting? We intend to announce preliminary voting results at the Annual Meeting and publish final results in our Quarterly Report on Form 10-Q for the second quarter of 2008.

Who is soliciting this proxy? Solicitation of proxies is made on behalf of the Board of Directors of the Company. The Company will pay the cost of preparing, assembling and mailing the notice of Annual Meeting, proxy statement and proxy card. In addition to the use of mail, proxies may be solicited by directors, officers and regular employees of the Company, without additional compensation, in person or by telephone or other electronic means. The Company will reimburse brokerage houses and other nominees for their reasonable out-of-pocket expenses in forwarding proxy material to beneficial owners of the Company's common stock. The Company will pay no additional compensation to our officers, directors or employees for these activities.

What if I can't attend the Annual Meeting? If you are unable to attend the Annual Meeting in person and you intend to vote, you must vote your shares by proxy, via the Internet or by telephone by the applicable deadline.

CORPORATE GOVERNANCE

In accordance with the Delaware General Corporation Law and the Company's Amended and Restated Certificate of Incorporation and Amended and Restated Bylaws, the Company's business, property and affairs are managed under the direction of the Board of Directors. Although the Company's non-management directors are not involved in the day-to-day operating details, they are kept informed of the Company's business through written reports and documents provided to them regularly, as well as by operating, financial and other reports presented by the officers of the Company at meetings of the Board of Directors and committees of the Board of Directors.

Independence. The Board has determined that four of the Company's seven directors are "independent" as defined in the applicable NASDAQ listing standards, including that each such director is free of any relationship that would interfere with his individual exercise of independent judgment. The following directors were determined to be independent: Keith E. Alessi, Paul N. Arnold, Lawrence C. Karlson and John T. Sawyer.

In making its determinations regarding director and director nominee independence, the Board considered, among other things:

- any material relationships with the Company, its subsidiaries or its management, aside from such director's or director nominee's service as a director;
- transactions between the Company, on the one hand, and the directors and director nominees and their respective affiliates, on the other hand;
- transactions outside the ordinary course of business between the Company and companies at which some of its directors are or have been executive officers or significant stakeholders, and the amount of any such transactions with these companies; and
- relationships among the directors and director nominees with respect to common involvement with for-profit and non-profit organizations.

Meetings of the Board of Directors and Stockholders. It is the policy of the Board to meet at least quarterly. The Board of Directors held ten meetings in 2007. Each incumbent director attended at least 75% of the meetings of the Board and the committees on which he served. Directors are encouraged to attend the Annual Meeting of Stockholders. All directors attended the 2007 Annual Meeting of Stockholders. The Board in fiscal year 2007 held regular executive sessions where non-management directors met without management participation.

Corporate Governance Matters. Under our Code of Conduct and Ethics for Employees, Officers and Directors of H&E Equipment Services, Inc. ("Code of Conduct"), no employee or officer may serve as a director of any outside business concern other than on behalf of the Company, without the written approval of the President or the Chief Financial Officer of the Company. The Charter of the Corporate Governance and Nominating Committee empowers the Corporate Governance and Nominating Committee to at least once a year review the independence of the members of the Board of Directors and consider questions of conflicts of interest. The Corporate Governance and Nominating Committee will identify, analyze, and if possible, resolve any actual and potential conflicts of interest a Board member has or may have. In connection with an actual or potential conflict of interest, the Corporate Governance and Nominating Committee may issue to such member instructions concerning the manner in which he should conduct himself, as applicable. There are no pre-determined limitations on the number of other boards of directors on which the directors of the Company may serve; however, the Board expects individual directors to use judgment in accepting other directorships and to allow sufficient time and attention to Company matters. There are no set term limits for directors, however as long as the Board is not classified, the Corporate Governance and Nominating Committee will review each director's continuation on the Board annually.

Communications with the Board of Directors. If you would like to communicate with the Company's directors, please send a letter to the following address: H&E Equipment Services, Inc., Attention: Board of Directors c/o corporate Secretary, 11100 Mead Road, Suite 200, Baton Rouge, Louisiana 70816. The Company's corporate Secretary will review each such communication and forward a copy to each member of the Board of Directors.

Code of Conduct. The Company is committed to ethical business practices. We have a corporate Code of Conduct that applies to all of the Company's employees and directors and includes the code of ethics for the Company's principal executive officer, principal financial officer and principal accounting officer within the meaning of the SEC regulations adopted under the Sarbanes-Oxley Act of 2002, as amended. The Company's corporate Code of Conduct can be found on the Company's Internet website at www.he-equipment.com under the heading "Corporate Code of Conduct and Ethics." In so doing, it is the responsibility of the Audit Committee to maintain free and open communication among the Audit Committee, the independent registered public accounting firm, the internal auditors and Company management. In discharging its oversight role, the Audit Committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities and personnel of the Company and the power to retain at the expense of the Company independent outside counsel or other experts or advisers as it deems necessary to carry out its duties. A detailed list of the Audit Committee's functions is included in its charter, a copy of which can be found on the Company's Internet website.

The current members of the Audit Committee are Messrs. Alessi, Karlson and Sawyer. Alessi, Arnold and Karlson are "independent" as defined in the applicable NASDAQ listing standards. The Compensation Committee met five times in 2007. For additional information on the Compensation Committee, see the Compensation Discussion and Analysis beginning on page 15.

The primary functions of the Corporate Governance and Nominating Committee are (i) to assist the Board by identifying individuals qualified to become Board members and members of Board committees, to recommend to the Board the director nominees for the next annual meeting of stockholders, and to recommend to the Board nominees for each committee of the Board; (ii) to lead the Board in its annual review of the Board's, its committee's and management's performance; (iii) to monitor the Company's corporate governance structure; and (iv) to periodically review and recommend to the Board any proposed changes to corporate governance guidelines applicable to the Company. The Corporate Governance and Nominating Committee identifies individuals, including those properly submitted and recommended by stockholders, believed to be qualified as candidates for Board membership. The Corporate Governance and Nominating Committee has the authority to retain search firms to assist it in identifying candidates to serve as directors. In addition to any other qualifications the Corporate Governance and Nominating Committee may in its discretion deem appropriate, all director candidates, at a minimum, (i) should possess the highest personal and professional ethics, integrity and values, (ii) should have

substantial experience which is of particular relevance to the Company, and (iii) should have sufficient time available to devote to the affairs of the Company. In identifying candidates, the Corporate Governance and Nominating Committee will also take into account other factors it considers appropriate, which include ensuring that a majority of directors satisfy the independence requirements of NASDAQ, the SEC or other appropriate governing body and that the Board as a whole is comprised of directors who represent a mix of backgrounds and experiences that will enhance the quality of the Board's deliberations and decisions.

The Corporate Governance and Nominating Committee considers stockholder nominees for directors in the same manner as nominees for director from other sources. Stockholder suggestions for nominees for director should be submitted to the Company's corporate Secretary no later than the date by which stockholder proposals for action must be submitted (see "Submission of Stockholder Proposals and Director Nominations" below) and should include the following information: (a) the recommending stockholder's name, address, telephone number and the number of shares of the Company's common stock held by such individual or entity and (b) the recommended candidate's biographical data, statement of qualification and written consent to nomination and to serving as a director, if elected.

The Corporate Governance and Nominating Committee consists of three directors, each of whom the Board has determined in its business judgment are "independent" as defined in the applicable NASDAQ listing standards. Finance Committee — The Finance Committee was established by the Board of Directors and operates under a written charter. The Finance Committee oversees and reviews the financial affairs and policies of the Company, the implementation of such plans and policies, and oversees all material potential business and financial transactions, as well as any other duties assigned to it by the Board of Directors. The current members of the Finance Committee are Messrs. Bagley, Bruckmann, and Engquist. The Finance Committee held five meetings during 2007.

SUBMISSION OF STOCKHOLDER PROPOSALS AND DIRECTOR NOMINATIONS

Under the rules of the SEC, stockholders wishing to have a proposal included in the Company's Proxy Statement for the 2009 Annual Meeting of Stockholders must submit the proposal so that the corporate Secretary of the Company receives it no later than January 2, 2009. The SEC rules set forth standards as to what stockholder proposals are required to be included in a proxy statement. Under the Company's Amended and Restated Bylaws, certain procedures must be followed for a stockholder to nominate persons as directors or to introduce a proposal at an annual meeting of stockholders. A stockholder wishing to make a nomination for election to the Board of Directors or to have a proposal presented at an annual meeting of stockholders must submit written notice of such nomination or proposal so that the corporate Secretary of the Company receives it not less than that date which is 120 days prior to the one year anniversary of the date the Company's proxy statement was released to stockholders in connection with the preceding year's annual meeting of stockholders; provided, however, that in the event that the Company did not hold an annual meeting of stockholders the preceding year or if the date of the annual meeting of stockholders is changed by more than 30 days from the date of the preceding year's annual meeting of stockholders, notice by the stockholder must be delivered within a reasonable time before the Company prints and mails its proxy materials in connection with the annual meeting of stockholders. The Company's Amended and Restated Bylaws set forth certain informational requirements for stockholders' nominations of directors and proposals.

ELECTION OF DIRECTORS (ITEM 1 ON PROXY CARD)

The Company's Amended and Restated Bylaws provide that the Company's business shall be managed by a Board of Directors ranging from five to nine members. The number of directors may be increased or decreased from time to time by resolution of the Board of Directors. The Company's Board of Directors is currently comprised of seven members. Directors shall be elected at the annual meeting of the stockholders and each director elected shall hold office until a successor is duly elected and qualified or until his or her death, resignation or removal.

[Table of Contents](#)

The Corporate Governance and Nominating Committee identifies and recommends director candidates to serve on the Board. Director candidates are then nominated for election by the Board of Directors. Stockholders are also entitled to nominate director candidates for election in accordance with the procedures set forth in the Company's Amended and Restated Bylaws.

At the Annual Meeting, seven directors are to be elected. All of the director nominees are currently directors of the Company and have been recommended for election by the Corporate Governance and Nominating Committee. All nominees have consented to being named as nominees for directors of the Company and have agreed to serve if elected. If some or all of the nominees should become unavailable to serve at the time of the Annual Meeting, the shares represented by proxy will be voted for any remaining nominee(s) and any substitute nominee(s) designated by the Board of Directors. In no event, however, will the shares represented by proxy be voted for more than seven nominees. Director elections are determined by a plurality of the votes cast.

Set forth below is information regarding each nominee for director.

AUDIT COMMITTEE REPORT

The Audit Committee assists the Board in meeting its oversight responsibility to stockholders, potential stockholders, the investment community and others. Management of the Company is responsible for (1) the preparation, presentation, and integrity of the Company's financial statements; (2) the appropriateness of the accounting principles and reporting policies that are used by the Company; (3) establishing and maintaining adequate internal control over financial reporting, as such term is defined in the Exchange Act; and (4) maintaining adequate disclosure controls and procedures, as such term is defined by the Exchange Act. The Company's independent registered public accounting firm is responsible for (1) auditing the Company's annual consolidated financial statements and expressing an opinion on the conformity of those consolidated financial statements with accounting principles generally accepted in the United States of America ("GAAP"); (2) attesting to the Company's internal control over financial reporting based on criteria established in *Internal Control — Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission (the "COSO criteria"); and (3) reviewing the Company's quarterly consolidated financial statements. The Audit Committee's primary responsibility is to monitor and review these processes on behalf of the Board and report the results of its activities to the Board. It is not the Audit Committee's duty or responsibility to conduct auditing or accounting reviews or procedures. The Committee will however take the appropriate actions to set the overall corporate "tone" for quality financial reporting, sound business risk practices, and ethical behavior.

The Audit Committee is directly responsible for the selection of the independent registered public accounting firm to be retained to audit the Company's consolidated financial statements and internal control over financial reporting, and once retained, the independent registered public accounting firm reports directly to the Audit Committee. The independent registered public accounting firm is ultimately accountable to the Audit Committee and the Board. The Audit Committee consults with and reviews recommendations made by the independent registered public accounting firm with respect to the Company's consolidated financial statements and related disclosures and internal controls over financial reporting of the Company and makes recommendations to the Board of Directors as it deems appropriate from time to time. The Audit Committee is responsible for approving both audit and non-audit services to be provided by the independent registered public accounting firm. The Audit Committee is currently composed of three directors, all three of whom the Board of Directors has determined to be independent as that term is defined by applicable NASDAQ listing standards and SEC rules. In accordance with applicable NASDAQ listing standards, the Company's Audit Committee was required to consist solely of independent directors by February 2007 and the Company has complied with those standards. The Board has determined, in accordance with applicable NASDAQ listing standards, that Mr. Alessi is an audit committee financial expert, as defined in Item 407(d)(5) of Regulation S-K of the Exchange Act. The Audit Committee operates under a written charter adopted by the Board of Directors, which is available on the Company's Internet website at www.he-equipment.com.

The Audit Committee meets with management periodically to consider the adequacy of the Company's internal controls, and discusses these matters with the Company's independent registered public accounting firm. The Audit Committee also discusses with senior management the Company's disclosure controls and procedures. The Audit Committee's oversight of the independent registered public accounting firm includes resolution of disagreements between management and the independent registered public accounting firm regarding financial reporting.

In fulfilling its oversight responsibilities, the Audit Committee reviewed the Company's quarterly earnings releases, Quarterly Reports on Form 10-Q for the periods ended March 31, 2007, June 30, 2007 and September 30, 2007, and Annual Report on Form 10-K for the year ended December 31, 2007 with management and the Company's independent registered public accounting firm, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the consolidated financial statements.

The Audit Committee reviewed with the independent registered public accounting firm, who is responsible for auditing the Company's consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and expressing an opinion on the presentation of those consolidated financial statements in conformity with GAAP, its judgment as to the quality, not just the acceptability, of the Company's accounting principles. The Audit Committee discussed with the independent registered public

accounting firm, who is responsible for auditing the Company's internal control over financial reporting based on the COSO criteria, the Company's design and operating effectiveness of its internal controls over financial reporting. The Audit Committee also discussed with the Company's independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, as amended and as adopted by the Public Company Accounting Oversight Board in Rule 3200T, SEC Rule 2-07 and such other matters as are required to be discussed under auditing standards generally accepted in the United States of America. The Audit Committee received the written disclosures and the letter from the Company's independent registered public accounting firm required by Independence Standards Board Standard No. 1. In addition, the Audit Committee discussed with the independent registered public accounting firm its independence, including the compatibility of non-audit services with the independent registered public accounting firm's independence.

The Audit Committee discussed with the Company's independent registered public accounting firm the overall scope and plans for its 2008 audit. The Audit Committee met with the independent registered public accounting firm, with and without management present, to discuss the fiscal year 2007 results of its consolidated financial statement audit, its audit of the Company's internal controls over financial reporting and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2007 for filing with the SEC.

The Audit Committee has appointed the firm of BDO Seidman, LLP as independent registered public accounting firm to audit and report upon the Company's consolidated financial statements and internal control over financial reporting. In making this selection, the Audit Committee has considered whether BDO Seidman, LLP's provision of services other than audit services is compatible with maintaining their independence.

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM (ITEM 2 ON PROXY CARD)

The Audit Committee has appointed BDO Seidman, LLP, as the independent registered public accounting firm to audit the Company's consolidated financial statements for the fiscal year ending December 31, 2008 and internal control over financial reporting. Although action by the stockholders on this matter is not required under Delaware law or the Sarbanes-Oxley Act of 2002, as amended, or the rules of the SEC promulgated thereunder, the Audit Committee and the Board of Directors believe it is appropriate to seek stockholder ratification of this appointment in light of the role played by the independent registered public accounting firm in reporting on the Company's consolidated financial statements. Ratification requires the affirmative vote of a majority of eligible shares present at the Annual Meeting, in person or by proxy, and voting thereon. If this appointment is not ratified by the stockholders, the Audit Committee may reconsider its appointment. One or more representatives of BDO Seidman, LLP are expected to attend the Annual Meeting. They will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

The Board of Directors recommends a vote FOR ratification of the appointment of BDO Seidman, LLP as the Company's independent registered public accounting firm.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

This Compensation Discussion and Analysis (“CD&A”) provides an overview of the Company’s executive compensation program together with a description of the material factors underlying the decisions which resulted in the compensation provided to the Company’s Chief Executive Officer (“CEO”), General Manager (“GM”), Chief Financial Officer (“CFO”) and certain other executive officers (collectively, the named executive officers (“NEOs”)) for 2007 (as presented in the tables which follow this CD&A).

Compensation Committee

The Compensation Committee (the “Committee”) of the Board of Directors is composed of three non-employee directors, all of whom are independent directors under the listing standards of The Nasdaq Stock Market LLC and the Securities and Exchange Commission rules. The Committee has responsibility for determining and implementing the Company’s philosophy with respect to executive compensation. Accordingly, the Committee has overall responsibility for approving and evaluating the various components of the Company’s executive compensation program. The Committee meets at least twice per year (and more often as necessary) to discuss and review the compensation of the NEOs. The Committee annually reviews and approves the compensation of the CEO. The Committee also reviews and approves the compensation of the other NEOs after considering the recommendations of management. In establishing and reviewing compensation for the NEOs, the Committee considers, among other things, the financial results of the Company, recommendations of management and compensation data for comparable equipment companies. The Committee did not engage a compensation consultant in fiscal 2007.

The Committee operates under a written charter adopted by the Board of Directors of the Company on January 23, 2006. A copy of this charter is available on our Internet website under the Investors/Corporate Governance tab at www.he-equipment.com.

Executive Compensation Philosophy and Objectives

The Committee’s goals in structuring the Company’s compensation program for its NEOs are to:

- provide incentives to achieve Company financial objectives;
- provide long-term incentives for the executive officers; and
- set compensation levels sufficiently competitive to attract and retain high quality executives and to motivate them to contribute to the Company’s success.

The Committee has determined that to achieve these objectives, the Company’s executive compensation program should reward both individual and Company short-term and long-term performance. To this end, the Committee believes that executive compensation packages provided by the Company to its executive officers, including its NEOs, should include both cash and stock-based compensation. However, the Committee does not rely on any policy or formula in determining the appropriate mix of cash and equity compensation, nor does it rely on any policy or formula in allocating long-term compensation to different forms of awards.

Setting Executive Compensation

In making compensation decisions, the Committee considers the recommendations of management. The Committee also considers corporate and executive performance, an executive’s level of experience and responsibility, an executive’s current compensation level and historical compensation practices. In addition, the Committee looks at market data for comparable equipment companies. In determining bonuses and base salary, the Committee reviewed compensation data for the following equipment companies: United Rental, Finning, Toromont, NationsRent, Neff, NES, and Ahern (these companies are referred to elsewhere in this CD&A as the “peer group companies”). The Committee does not attempt to maintain a specific percentile with respect to the peer group companies in determining compensation for NEOs. However, the Committee does periodically review

information regarding compensation trends and levels from a variety of sources in making compensation decisions. The peer group companies were not considered in making equity compensation decisions.

Committee Processes; Role of Executives in Setting Compensation

A complete description of the Committee's processes and the role of executives in setting compensation can be found earlier in this Proxy Statement in the section entitled "Corporate Governance — Committees of the Board of Directors — Compensation Committee."

2007 Executive Compensation Components

The Company's executive compensation program is composed of three principal components:

- base salary;
- cash bonuses; and
- long-term incentives, consisting of equity awards.

In making decisions with respect to any element of a NEO's compensation, the Committee considers the total current compensation that such NEO may be awarded and any previously granted unvested equity awards. The Committee's goal is to award compensation that is reasonable in relation to the Company's compensation philosophy and objectives when all elements of potential compensation are considered.

During 2006, the Chief Executive Officer, John M. Engquist, was party to an employment agreement with the Company. This agreement expired by its terms on December 31, 2006. In addition to the compensation components listed above, the agreement provided for post-employment severance payments and benefits in the event of termination under certain circumstances. Following the expiration of that employment agreement, those contractual payments and benefits are no longer provided to Mr. Engquist. None of the NEOs currently have employment contracts or had employment contracts in effect during 2007. The Company generally does not employ senior executives pursuant to employment agreements.

Base Salaries

In General. The Company provides NEOs with base salaries to compensate them for services rendered during the fiscal year. In determining base salaries, the Committee reviews base salaries paid at comparable equipment companies and considers other factors, including:

- historical information regarding compensation previously paid to NEOs;
- the individual's experience and level of responsibility; and
- the performance of the Company and the executive.

In the absence of a promotion or special circumstances, the Committee reviews and approves executive salaries once annually.

Consideration of 2007 Base Salaries. Based on the above factors, the Committee increased Mr. Engquist's, Mr. Barber's, Ms. Magee's and Mr. Jones' annual base salary levels to \$600,000, \$240,000, \$210,000 and \$200,000, respectively, for 2007.

Annual Bonuses

In General. Annual cash bonuses are included as part of the executive compensation program because the Committee believes that a significant portion of each NEO's compensation should be contingent on the annual performance of the Company, as well as the individual contribution of the NEO. The Committee believes that this structure is appropriate because it aligns the interests of management and stockholders by rewarding executives for strong annual performance by the Company.

The CEO, GM and CFO are eligible for an annual bonus under the Company's management incentive guidelines, payable at the discretion of the Committee. The guidelines were determined by the Committee in

consultation with the CEO and other members of management. The guidelines are based on the Company's achievement of financial targets. The Committee reviews and approves these guidelines after discussions among themselves and with the CEO. Once the guidelines are approved, the guidelines are to act as a guide to the Committee and CEO in determining bonuses. The Committee and CEO retain full discretion and actual bonus amounts may differ from those provided under the guidelines as the Committee or the CEO determines. The other NEOs, Messrs. Fox and Jones, are also eligible for annual bonuses at the discretion of the Committee and CEO.

Consideration of 2007 Annual Bonus. For the fiscal year 2007, the Committee approved bonus guidelines for each of the NEOs, except Messrs. Fox and Jones, based on the Company's achievement of specified levels of earnings per share (EPS) and return on gross net assets (ROGNA) and the NEO's individual performance and achievements, although the individual components are not subject to any guidelines. For the Committee's purposes, ROGNA is defined as income (loss) from continuing operations before interest, income taxes, depreciation and amortization (or EBITDA) divided by the sum of the average of gross rental equipment, gross property and gross equipment and net working capital. These financial objectives have been determined by the Committee to be the most appropriate measures of Company performance because they take into account earnings and return on assets. These financial objectives are also consistent with the Compensation Committee's compensation philosophy of linking executive performance to the Company's financial performance.

Under the guidelines, separate bonus amounts were calculated based on EPS levels and ROGNA levels, as compared to target EPS and ROGNA levels approved by the Committee. The bonus ranges based on EPS were given a weighting of 70% and the bonus ranges based on ROGNA were given a weighting of 30% in determining the recommended bonus amount. Bonuses are calculated as a percentage of base salary and increase incrementally based on increases in EPS and ROGNA as compared to the target EPS and ROGNA levels. The guidelines provide for bonuses ranging from 0% to approximately 260% of an individual's base salary. The target EPS and ROGNA levels were determined based on the Company's prior performance, the Company's forecast for 2007 and economic conditions in the Company's industry. The target amounts were set at aggressive levels designed to motivate high business performance and recognize the Company's achievement of its financial objectives. The targets are designed to be challenging to attain.

Our business plan is highly confidential due to the competitive nature of our industry. We do not publicly disclose specific internal income or operation objectives. Accordingly, we are not disclosing specific targets under the management incentive guidelines because such disclosure would signal where we are placing our strategic focus and impair our ability to gain a competitive advantage from our business plan. In addition, disclosing short-term compensation objectives would contradict our long-term financial focus and could result in confusion for investors.

For the 2007 fiscal year, the Company's EPS and ROGNA exceeded the targets set forth in the guidelines for Mr. Engquist, Ms. Magee and Mr. Barber. The Committee approved a bonus of \$768,832 for Mr. Engquist, or approximately 128% of his base salary. Mr. Engquist's bonus amount was approximately 5% less than the amount provided for by the bonus guidelines. The Committee determined that Mr. Engquist's bonus amount was appropriate in light of the fact that the Company's performance surpassed the planned financial objectives, and Mr. Engquist's contributions to this performance.

In addition, the Committee approved bonuses of \$249,473 and \$285,112 for Ms. Magee and Mr. Barber, respectively, or approximately 119% of each of their respective base salaries. Ms. Magee's and Mr. Barber's bonus amounts were each approximately 5% less than the amount provided for by the bonus guidelines. The Committee determined that the bonus amounts for Ms. Magee and Mr. Barber were appropriate in light of the fact that the Company's performance surpassed the planned financial objectives, and consideration of each executive's contributions to this performance.

Messrs. Jones and Fox were not evaluated pursuant to the guidelines described above. Mr. Jones has responsibility over product support and as such the Committee determined that his bonus should not be evaluated on company-wide criteria. The Chief Executive Officer recommended to the Committee the bonus amount for Mr. Jones based on his assessment of the performance of the group within his area of responsibility. Based on the Chief Executive Officer's recommendation, the Committee approved a discretionary bonus to Mr. Jones for 2007 of \$150,000, or approximately 75% of his base salary.

[Table of Contents](#)

Bonuses to Messrs. Engquist, Barber and Jones and Ms. Magee for 2007 were paid partially in cash and partially deferred. The deferred portion of each bonus was approximately 34% and the immediately payable portion in cash was approximately 66%. The deferred portion will be paid in two equal annual installments over the next two years. The deferred portion of each bonus will accrue interest at 7.25%, the prime rate as of January 1, 2008. The decision to defer a portion of these bonuses was made in accordance with the above-described guidelines.

The Committee has continued the historical practice of treating Mr. Fox consistent with other divisional managers for bonus purposes. Pursuant to this practice, the Chief Operating Officer recommended to the Committee the bonus amount for Mr. Fox based on the financial and safety performance of the group within Mr. Fox's area of responsibility. Based on this recommendation, the Committee approved a discretionary bonus to Mr. Fox for 2007 of \$88,500, or approximately 38% of his base salary. No portion of Mr. Fox's bonus was deferred.

After the close of a fiscal year, the Committee determines and approves the amount of the annual, performance-based cash bonus to be paid to each NEO. The payout typically occurs in March of the fiscal year following the fiscal year to which the annual, performance-based cash bonus relates. There is no provision for the adjustment or recovery of a cash bonus paid to a NEO if the results in a previous year are subsequently restated or adjusted in a manner that would have originally resulted in a smaller or larger bonus. However, the annual cash bonus is generally not paid until after the completion of the annual audit of the Company's consolidated financial statements by the Company's independent registered public accounting firm for the applicable fiscal year.

Long-Term Incentives

In General. The Committee believes that NEOs should be compensated in part with equity interests in the Company in order to more closely align the long-term interests of stockholders and executives. The Committee also believes that equity awards are an important means of attracting and retaining qualified executives. Accordingly, the Committee provides long-term incentives by means of periodic grants of stock options and restricted stock awards under the Company's 2006 Stock-Based Incentive Compensation Plan (the "Incentive Plan"). Stock awards available under the Incentive Plan include restricted stock, stock options and deferred stock.

All grants of equity compensation to NEOs are made by the Committee. Whether grants are made and the type and size of any grants are based upon Company and individual performance, position held, years of service, level of experience and potential of future contribution to the Company's success. The Committee may also consider long-term incentive grants previously awarded to the NEOs, long-term incentive grants given to other executive officers throughout the Company's history and grant practices at comparable equipment companies.

2007 Equity Grants. There were no grants of equity compensation to the NEOs during 2007.

On February 22, 2006, the Committee granted each of Ms. Magee, Mr. Barber and Mr. Jones \$1 million worth of restricted shares of the Company's common stock, based on the closing price of such stock on the grant date. This resulted in a grant of 40,650 restricted shares to each executive, based on a market price of \$24.60 per common share. These awards were granted to reward these executives for their contributions to the Company's pre-initial public offering performance and in particular their superior performance in implementing the Company's initial public offering in early 2006. In addition, prior to the granting of those awards, none of these executives had significant holdings in the Company.

The restricted shares will vest, and the restrictions will cease to apply, in three equal tranches, on the first, second and third anniversaries of the grant date. The Committee believes that this vesting schedule serves to motivate and retain the recipients, providing continuing benefits to the Company beyond those achieved in the year of grant.

The Company has no formal program, plan or practice to time option grants to its executives in coordination with the release of material non-public information.

Stock Ownership/Retention Guidelines. The Company does not require its NEOs to maintain a minimum ownership interest in the Company.

Other Compensation and Perquisite Benefits

In addition to the principal categories of compensation described above, the Company provides its NEOs with coverage under its broad-based health and welfare benefits plans, including medical, dental, disability and life insurance. The Company also sponsors a 401(k) plan. The 401(k) plan is a tax-qualified retirement savings plan pursuant to which all employees, including the NEOs, are able to contribute to the 401(k) plan up to the limit prescribed by the Internal Revenue Code on a before-tax basis. The Company makes a matching contribution of 50% of the first 4% of pay contributed by the employee to the 401(k) plan. Annual salary subject to the Company match is capped at a maximum amount prescribed by the IRS each year. All contributions made by a participant vest immediately and matching contributions by the Company vest over the employee's first five years of service with the Company's matching contributions vesting 25% on the second year and another 25% on each year thereafter. These benefits are not tied to any individual or corporate performance objectives and are intended to be part of an overall competitive compensation program.

The NEOs are not generally entitled to benefits that are not otherwise available to all of our employees. In this regard it should be noted that the Company does not provide pension arrangements (other than the 401(k) Plan), post-retirement health coverage or similar benefits for its executives. However, the NEOs are entitled to long-term disability benefits, annual automobile allowances and other automobile allowances such as fuel costs, which are noted in the "All Other Compensation" column in the Summary Compensation table shown on page 20. Mr. Engquist does not receive the automobile allowances. In 2007, the Company purchased a vehicle for Mr. Engquist's use and also provides other automobile benefits such as fuel and maintenance costs. The Company and the Committee believe that these benefits are consistent with the goal of attracting and retaining superior executive talent.

Because the Company does not have employment agreements with its NEOs and based on the nature of the above described benefits, there are no change of control provisions to be disclosed.

Tax and Accounting Implications

Deductibility of Certain Compensation

Section 162(m) of the Internal Revenue Code limits the deductions that may be claimed by a public company for compensation paid to certain individuals to \$1,000,000 except to the extent that any excess compensation is "performance-based compensation." None of the compensation paid to the NEOs for 2007 was considered performance-based under Section 162(m) and therefore all such compensation is subject to the \$1,000,000 limit. The Committee intends to maintain flexibility to pay compensation that is not entirely deductible when the best interests of the Company make that advisable. In approving the amount and form of compensation for the NEOs, the Committee will continue to consider all elements of cost to the Company of providing such compensation, including the potential impact of Section 162(m).

The Committee considers the accounting impact in connection with equity compensation matters, however, these considerations do not significantly affect decisions on grants of equity compensation.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

None of the Company’s executives serve as a member of the board of directors or compensation committee of an entity that has an executive officer serving as a member of the Company’s Board of Directors. Messrs. Alessi, Arnold and Karlson currently serve on the Compensation Committee. No member of the Compensation Committee is a former or current executive officer or employee of the Company or any of its subsidiaries.

2007 DIRECTOR COMPENSATION TABLE

During 2007, Messrs. Bruckmann and Bagley did not receive compensation for their service as directors of the Company. All other non-employee directors received a quarterly retainer of \$5,000. Although the Company currently intends to continue payments in the same amounts for director services in fiscal year 2008, director compensation is subject to review and change from time to time based upon the recommendation of the Company’s Compensation Committee and approval by the Board.

The table below summarizes the compensation paid by the Company to each non-employee director for the year ended December 31, 2007.

- (2) Amounts shown are the dollar amounts recognized as compensation expense in fiscal 2007 for financial reporting purposes in accordance with FAS 123(R) (excluding amounts for forfeitures) for stock options granted in 2007 and 2006. The fair value of all the awards were estimated using the Black-Scholes option-pricing model. We use the Black-Scholes formula to calculate an assumed value of the options for compensation.

expense purposes; because the formula uses assumptions, the fair values calculated are not necessarily indicative of the actual values of the stock options. The assumptions used in 2007 and 2006 were a dividend yield of 0%, a risk-free interest rate of 5.0%, an expected life of six years; and a stock price volatility ranging from 33.0% to 35.0%.

- (3) During 2007, Mr. Bagley's spouse accompanied him on certain overseas business development trips. The above \$11,726 reflects amounts reimbursed to Mr. Bagley on behalf of his spouse's traveling expenses.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Consulting Agreement

On April 30, 2007, the Company entered into a Consulting Agreement with Gary W. Bagley, Chairman of the Board of the Company (the "Agreement"). This Agreement supercedes the Consulting and Noncompetition Agreement, dated July 31, 2004, between the Company and Mr. Bagley.

Such agreement provides for, among other things:

- an initial term of five years; thereafter this agreement may be renewed on a year to year basis, subject to mutual agreement of the parties;
- a consulting fee of \$167,000 per year together with a cost-of-living increase of 4% annually, plus reimbursement of all reasonable and actual out-of-pocket expenses;
- welfare benefits, including medical, dental, life and disability insurance; and
- confidentiality of information obtained during employment, non-competition and nonsolicitation.

We paid \$161,000 in the fiscal year ended December 31, 2007 related to the consulting agreements between Mr. Bagley and the Company.

Securityholders Agreement

In connection with the formation of H&E Holding L.L.C. ("H&E Holdings") and the related combination of the ICM and Head & Engquist businesses in 2002 (the "2002 Transactions"), H&E Holdings entered into a securityholders agreement with affiliates of BRS, certain members of management and other members of H&E Holdings. In connection with our initial public offering of common stock in February 2006 and the related reincorporation merger of H&E Holdings and H&E LLC with and into H&E Equipment Services, Inc. (the "Reorganization Transactions"), the Company entered into an amended and restated securityholders agreement with certain stockholders, which eliminated certain provisions which would not be appropriate for a company with publicly traded equity securities and, among other things, provided for restrictions on the transfer of equity interests.

Registration Rights Agreement

In connection with the financing of the 2002 Transactions, H&E Holdings entered into a registration rights agreement with affiliates of BRS, certain members of management and other members of H&E Holdings. In connection with the Reorganization Transactions and our initial public offering in February 2006, the parties amended and restated the registration rights agreement to provide that the registration rights agreement thereafter applies to our common stock held by the parties. The amendment provides that the registration rights that previously applied to units of H&E Holdings thereafter apply to the common stock held by the parties thereto.

Investor Rights Agreement

In connection with the financing of the 2002 Transactions, H&E Holdings entered into an investor rights agreement with affiliates of BRS, Credit Suisse First Boston Corporation and other members of H&E Holdings. Certain provisions of the investor rights agreement, including the provisions concerning tag-along rights, consent to a sale of H&E Holdings, and the grant of preemptive rights terminated upon the consummation of our initial public offering in February 2006. In connection with the Reorganization Transactions and our initial public offering in

February 2006, the parties amended and restated the investor rights agreement to provide that the non-voting observer rights of one of the holders of our senior subordinated notes will be terminated. Pursuant to the terms of the investor rights agreement, subject to certain conditions, on any two occasions after 180 days after the first public offering, the holders of 33% or more of the equity interests issued to the investor on the date of the investor rights agreement (or successor securities) have the right to require H&E Holdings to register all or part of such equity interests under the Securities Act at H&E Holdings' expense. In addition, the investor is entitled to request the inclusion of any equity interests subject to the investor rights agreement in any registration statement at the expense of H&E Holdings whenever H&E Holdings proposes to register any of its equity interests under the Securities Act. In connection with all such registrations, H&E Holdings has agreed to indemnify the investor against certain liabilities, including liabilities under the Securities Act. In connection with the Reorganization Transactions, the parties amended and restated the investor rights agreement to provide that the investor rights agreement thereafter applies to our common stock held by the parties.

Related Party Transactions

The Company has a policy that the Audit Committee review any transaction in which the Company and its directors, executive officers or their immediate family members are participants to determine whether a related person has a direct or indirect material interest. The Audit Committee is responsible for reviewing and, if appropriate, approving or ratifying any such related party transaction. This policy is evidenced in the Company's Code of Conduct and has been further communicated orally by the Board.

In determining whether to approve, disapprove or ratify a related party transaction, the Audit Committee will take into account, among other factors it deems appropriate, (1) whether the transaction is on terms no less favorable to the Company than terms that would otherwise be generally available to the Company if the transaction was entered into under the same or similar circumstances with a party unaffiliated with the Company and (2) the extent of the interest of the related party in the transaction.

Below are the related party transactions which occurred during the fiscal year ended December 31, 2007. All such related party transactions have been approved or ratified by the Company's Audit Committee or are pursuant to contractual arrangements entered into prior to the Company's initial public offering in February 2006.

John M. Engquist, our Chief Executive Officer and President, and his sister, Kristan Engquist Dunne, each have a 16.7% beneficial ownership interest in a joint venture, from which we lease our Baton Rouge, Louisiana and Kenner, Louisiana branch facilities. Four trusts in the names of the children of John M. Engquist and Kristan Engquist Dunne hold in equal amounts the remaining 16.6% of such joint venture. The remaining 50% interest is held by Tomarlee Commercial Properties, L.L.C., for which Mr. Engquist and Ms. Engquist Dunne each have a 25% interest and Mr. Engquist's mother has a 50% interest. We paid such entity a total of \$328,800 in lease payments for the fiscal year ended December 31, 2007.
